SCAN▸X® Imaging Accessories

Barrier Envelopes

- Unique envelope design allows the package to tear open in a direction that minimizes cross-contamination
- Defense from contamination provided by the envelope allows PSP sensors to be reused
- Black opaque envelope back prevents ambient light exposure resulting in distorted imagesfor quick, safe imaging.

Intraoral Phosphor Plates

- PSPs can comfortably accommodate children, adults, those with TMJ issues, large tori, gaggers and elderly patients
- ScanX PSPs are wireless, flexible and 30 times thinner than direct wired sensors
- 100% of the PSP surface area is active
