XPERT UNIT®

Connected Implantology motor

With **Xpert Unit®**, enjoy the convenience of using a simple and effective implantology motor. Discover the 1st connected motor for true innovation in terms of services and patient follow-up.

SIMPLICITY

The features are mastered from the first use.

Performance

Effective manoeuvres during surgery thanks to the high torque, up to 80 N.cm.

FREEDOM

Wireless pedal

Freedom of movement during surgery.

DESIGN

Compact Unit

INNOVATION

Traceability

Effective solutions to record the tightening torques thanks to the connectivity.

COMFORT

Ultra light micromotor and contra-angle

Xpert Unit® - Connected Implantology motor

Mont-Blanc XS

Total freedom of movement

FREEDOM

Wireless pedal:
One less constraint in your working environment!

PERFORMANCE

Pedal command during surgery:

- Navigation through different programmes.
- Reverse operation.
- Irrigation management.
- Torque increase and decrease.

PEACE OF MIND

Up to 1000 hours of operation:
Extended operation

DURABILITY

Rechargeable battery:
practical and durable.

Appealing and powerful

SIMPLICITY

- Large touchscreen: intuitive navigation.
- Direct use from the first screen.
- Implantology sequence, simple and ready to use.
- Surgery programme.

ERGONOMICS

- Compact unit: space optimisation.
- Streamlined design: easy maintenance.
- Easy placement of irrigation lines.

FLEXIBILITY

- All parameters are easy to change: torque, speed, irrigation flow.

COMFORT AND SAFETY

- Large screen.
- Displaying key information during surgery: excellent legibility.

An application to make your life easier

INNOVATION

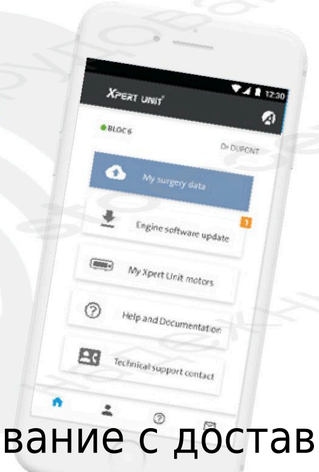

TRACEABILITY

- Synchronisation of surgery data.
- Organisation of data by patient to facilitate information management.

EASY ACCESS TO INFORMATION

- User manual, video tutorials, FAQs, technical support.

The extra service

A concentration of power in your hands!

ULTRA LIGHT

Easy to hold
Micromotor and Mont Blanc XS contra-angle set.

EFFICIENCY

- Speed: 15 to 2000 rpm.
- Torque: 5 to 80 N.cm: the pleasure of a high tightening torque.

WORKING COMFORT

- Easy to hold.
- Light: more visibility in the mouth.
- Light, flexible cord: easier handling.

SAFETY AND DURABILITY

- Thermodisinfectable and autoclavable micromotor: easier maintenance.
- Removable, thermodisinfectable and autoclavable contra-angle: adapted to the strictest maintenance protocols.
