

Plus Mill M5

Compact and lightweight 5-Axis milling machine

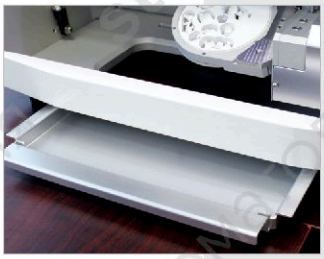

Plus Mill M5 is a popular model of **Dental CAD/CAM Milling Machine** which has the advanced 5-Axis of the extremely compact size and competitively priced.
Best skilled technicians and engineers develop and produce highly efficient **Dental CAD/CAM Milling Machine**.

- Auto Calibration
- 5-Axis Milling System with Stepping Motor and Simultaneous Controller
- Full Mouth Bridge Abutment Milling
- A axis and B axis ±25° Tilting Milling
- Undercut Milling by Rotating and Tilting Table
- Compatible with Disk Blocks of Ø98.5mm

- Control of 5-Axis(X, Y, Z, A, & B) by the Built-in Controller
- 4 Tools Automatic Changer
- Highly Effective 450W Spindle
- Tool's Length Correction by the Touch Sensor
- Dry Milling Available
- Excellent Compatibility with Various CAM Programs
- Easy Interface for Beginners
- Fast and Precise Molding
- Compact Milling Machine Requires Less Space
- Dust Removal through Air Jet Processing of Objects
- Efficient Dust Emissions through External Dust Collector
- Compatible with Various Block type
- Low Noise, Fast & Precise Milling
