BRILLIANCE

what you see matters

Eighteeth

https://stomdevice.ru - стоматологическое и зуботехническое оборудование с доставкой по России и СНГ

Eighteeth Brilliance series Surgical Loupes combine Schott Glass and Achromatic Optical Path Design to assure high image quality. The Flip-Up function can bring unobstructed vision and eye contact with your patients with a single adjustment. The whole structure made of ultra-light alloy creates a cool metallic look, ensuring excellent structural strength and durability, while minimizing the weight and the pressure on the nose when wearing.

Intelligent damping torque effect
Easy to adjust and with excellent stability

Super light frame
Ergonomic design with optional materials and colors

Protective shield
Besides protective shields, prescription lenses can also be fitted by an optometrist

Schott Glass
Ensure high resolution, clear and sharp field of view

Asynchronous PD adjustment
Laser printed scale lines, accurate and intuitive

Refined lens coatings
Multi-layer coating technology, Anti-fog, Anti-scrach, Anti-glare, to ensure more visible light through the glass

Aerospace-grade aluminium magnesium alloy
Our loupes are exceptionally high strength and light
