HELIOS

Your first IOS, Helios 600

Hello Helios, hello digital!

https://stomdevice.ru - стоматологическое и зуботехническое оборудование с доставкой по России и СНГ

stomdevice

Start your smooth digital journey with Helios 600!

Why bother?

High accuracy with automatic and adaptive calibration,
manual calibration is not necessary any more.

Ready for your digital experience-

-One of the most accurate and fastest scanners on the market.

Ready for your hand-

- Small enough to operate it easily,
though it achieves a 16mm x 14mm high-definition field of view.

stomdevice

Lighter

198 grams, one of the most lightweight scanners on the market, well-balanced, ergonomically designed, and easy to carry.

Faster

With Helios 600 you can take a full arch scan in less than 30 seconds.

Smarter

AI technology filters the soft and moving tissues, offering users a smooth scanning experience and generating a natural-looking treatment outcomes.

More accurate

As one of the most accurate scanners on the market, Helios 600 has reached the state-of-the-art accuracy level- the average deviation of a in-vivo full arch scan is around 20μm.
