FEATURES AND BENEFITS

Maintenance and Lubrication in One Minute

Qmate maintains and lubricates up to 3 handpieces and comes with unique chuck-lubricating tip and controlled purging, ensuring no excess oil is left in the instruments after the cycle. Have your handpieces ready in one minute with minimal manual handling and save time and effort.

Fully Automatic

Qmate automatically recognizes when the instrument is inserted and the whole process starts with a single button press. Safety lock prevents accidental activation when the door is open and oil sensor warns the user to replace the oil can.

Suitable for a Variety of Handpieces

Qmate can be used for most popular handpiece brands. Instruments are easily placed and detached from the unit for your convenience and smooth workflow. The special chuck-dedicated maintenance and lubricating process ensures safety and longevity of the bur-holding mechanism.
