MyCrown

NEW

BEAUTIFUL CROWNS AND MORE IN JUST ONE VISIT

The integrated chairside MyCrown CAD/CAM system is excellent tool allowing to create veneers, inlays, onlays, crowns and bridges covering up to 3 teeth in only one patient visit. Additionally, you can export scan data and restoration data in open STL files. And all this in colour.

GUIDED WORKFLOW

MyCrown CAD/CAM system provides smooth, guided and seamless workflow – from acquisition through design to milling. Fast and easy.

DESIGNED FOR DENTISTS

NatureShape feature analyses all scanned teeth and generates a natural anatomy of the restoration.

FAST MANUFACTURING

The Dual Spindle technology offers exceptionally fast manufacturing of restorations – wet grinding or milling. Supports variety of materials from different manufacturers including zirconia, glass ceramics, hybrid materials and polymers.

Stellaris 3D Ceph

NEW

SUPERIOR CBCT FOR EVERY INDICATION

Stellaris 3D with ceph is a complete and compact 3D device - 4 In 1 - CBCT, Panoramic and Cephalometric system as well as 3D scanner of models, which covers an entire range of applications – from endodontics, periodontology, surgery, implantology to orthodontics – everything you need in your daily practice. System is delivered as Plug&Play with preinstalled PC and software.

READY FOR EVERY DIAGNOSIS

Stellaris 3D covers a variety of diagnostics in 2D, 3D and Ceph with multiple fields of view, programs for panoramic examinations and cephalometric scans. Resolution selections available are ECO, Standard and HD to fit your specific needs.

COMPACT AND MODERN

The minimalist, elegant, space-saving design allows installation of Stellaris 3D in areas where conventional devices would not fit.

POWER OF TOUCH

Control of the system is available from your PC screen as well as on the unit's touchscreen, allowing straightforward program selection with hints for correct positioning.

Aquamarine

NEW

A NEW LEVEL OF CUTTING EFFICIENCY

Introducing Aquamarine – the diode laser which allows you to work with more precision and efficiency. Treatment is faster, safer and more comfortable for the patient. With the wide range of procedures you can perform, Aquamarine quickly becomes a valued asset to your clinic.

CUTTING FASTER WITH MINIMUM POWER

Thanks to its 445nm wavelength, with higher absorption in hemoglobin, cutting is faster and requires much less power. Result is treatment with minimized thermal damage and increased efficiency.

WIDE RANGE OF TREATMENTS

Aquamarine can be used for wide range of treatments in soft tissue surgery, periodontology, endodontics and hemostasis. In addition, it can be used for single tooth whitening* and as treatment option for a variety of indications.

ENHANCED PATIENT COMFORT

The diode laser operates at a wavelength absorbed by the soft tissue more efficiently, resulting in more precise cutting and faster healing thus increasing patient comfort. The focused beam treats the affected area efficiently and in less time.

Qmate

NEW

MAINTENANCE AND LUBRICATION IN ONE MINUTE

Qmate is small device securing properly maintained and lubricated handpieces when you need them. Completing automatic process in one minute per instrument, it ensures maximum efficiency with little effort. Thoroughly removing debris and lubricating all moving parts, it ensures your rotary instruments will work properly and last longer.

MAINTENANCE AND LUBRICATION IN ONE MINUTE

Qmate dissolves and flushes the debris residuals from the instruments and ensures proper lubrication. Additionally all the excessive oil is purged. All within 1 minute only.

SUITABLE FOR A VARIETY OF HANDPIECES

Different couplers are available for various instrument connections. Additionally the dedicated chuck maintenance port allows to clean the chuck and ensure the sensitive bur-holding mechanism is well maintained.

FULLY AUTOMATIC PROCESS

Fully automatic maintenance of 3 instruments at the time allows saving labour and oil costs. Then the instruments is ready for sterilization.

https://stomdevice.ru - стоматологическое и зуботехническое оборудование с доставкой по России и СНГ

FONAOil

NEW

MAINTENANCE AND LUBRICATION FOR ROTARY INSTRUMENTS

FONAOil is the optimal maintenance and lubrication for your rotary instruments. With its special composition, it creates the oiling effect and allows remove debris from the instrument

PROTECTING INVESTMENT

Optimal maintenance and lubrication using FONAOil ensures long life of your turbine or handpiece.

STERILIZATION FRIENDLY

FONAOil is made to resist the autoclaving process at 135°C.

MANUAL AND AUTOMATIC MAINTENANCE

FONAOil is suitable for both manual and automatic instrument care. Nozzle for manual lubrication is part of the package. FONAOil is designed also for use as a cartridge in Qmate automatic maintenance device.

Purgenius

NEW

SAFE, PURIFIED WATER AND AEROSOLS FOR YOUR TREATME

Purgenius is the solution for your safer treatments, decontaminating the treatment water and aerosols spread into the air of dental staff and patient. It is a unique product, designed for external water filtration, softening and its disinfection. The disinfection process is free of added chemicals and does not produce waste water.

UNIVERSAL DESINFECTION CONCEPT

Purgenius can be connected to any treatment unit. As an external device, it is completely independent from the treatment center, water unit size and suction system used.

CHEMICAL FREE HARMLESS SOLUTION

The unique use of free chlorine, produced by Purgenius from tap water as disinfectant, is both economical, ecological and safe for the patient and user.

SOUND INVESTMENT FOR YOUR HEALTH

Reducing microorganisms protects the health of both patients and dental staff, while at the same time removing calcium and other unwanted minerals, protecting your instruments and treatment unit from issues caused by sediments.

1000 S

ERGONOMIC SOLUTION

With 1000 S you can easily access needed controls during any treatment. Chair can be re-positioned by using the dentist element or assistant element control panel and also by the practical hand or foot joystick. Foot switch with proportional regulation gives you full control over your instrument speed and is ideal for treatments with electric micro motor.

INTUITIVE JOYSTICK CONTROL

Positioning of patient with foot or hand joystick is simple, fast and ergonomic.

OPTIMIZED FOR 2 OR 4 HAND USE

Assistant element, designed for both 2 hand and 4 hand treatments, is easy to re-position for unlimited patient access.

PERFORMANCE YOU DESERVE

Dentist element optimized for high power turbines and Sirona E-motor with light delivers all the performance you need.

UPHOLSTERY COLORS

SEAMLESS UPHOLSTERY

Light Blue | Turquoise | Deep blue | Yellow | Bordeaux | Apple Green

SOFT UPHOLSTERY

Light blue | Beige | Aubergine

Dentist Element (DE) - Retrofit Kits (RFK)

Ref. No.	Parts	Description
6469626	RFK – DE – HH – ISO Midwest 4-hole hose	ISO Midwest 4-hole hose for instruments without light, including installation accessories and Baustein for Hanging Hoses DE.
6100791	RFK – DE – HH – Power supply for ISO Midwest 6-hole hose	Fiber optic power supply (supports max. 3x ISO 6 hole Midwest handpiece hose) for Hanging Hoses DE.
6491885	RFK – DE – ISO Midwest 6-Hole Hose (Hose Only) HH/WA	ISO Midwest 6-Hole Hose Only(without Baustein valve and water regulator). Precondition: 2-hole or 4-hole hose DE, Fiber optical Power supply 6100791 HH or 6288208 WA.
6469600	RFK – DE – HH – ISO Midwest 6-hole hose	ISO Midwest 6-hole hose for instruments with light (fiber optic power supply needs to be installed), including installation accessories and Baustein, for Hanging Hoses DE. Precondition: Fiber optical Power supply 6100791.
6541788	RFK – DE – HH – FONA Scaler	FONA Scaler installation kit (Including FONA Scaler without light and 5 tips) for Hanging Hoses DA, Installation Manual.
6159664	RFK – DE – HH – X-ray film viewer	X-ray film viewer for FONA 1000 Hanging Hoses DE, LED backlight, with switch.
6159607	RFK – DE – HH Silicone mat	Silicone mat for hanging hoses dentist element (can be sterilized at 135°C).
6597954	RFK – DE – HH – FONA Curing light with bracket	FONA Curing light to be installed on hanging hoses DE – additional 6th instrument position – 6th position bracket included.
6469824	RFK – DE – WA – ISO Midwest 4-hole hose	IISO Midwest 4-hole hose for instruments without light, including installation accessories and Baustein for Whip Arm DE.
6288208	RFK – DE – WA – Power supply for ISO Midwest 6-hole hose	Fiber optic power supply (supports up to 3x ISO 6 hole Midwest handpiece hose) for Whip Arm DE.
6469840	RFK – DE – WA – ISO Midwest 6-hole hose	ISO Midwest 6-hole hose for instruments with light (fiber optic power supply needs to be installed), including installation accessories and Baustein, for Whip Arm DE).
6541770	RFK – DE – WA – FONA Scaler	FONA Scaler installation kit (without light) for Whip Arm DE, Installation Manual.
6168145	RFK – DE – WA – X-ray viewer	X-ray film viewer for FONA 1000 line Whip Arm DE, LED backlight, with switch.
6597962	RFK – DE – WA – FONA Curing light	FONA Curing light to be installed on whip arm DE – 5th instrument position.

Assistant Element (AE) - Parts

Ref. No.	Parts	Description
6462316	AE – Standard – 2 Instruments (reinforced suction hose)	Swivelling Assistant Arm, Holder for 2 Instruments: Strong Suction with reinforced hose, Saliva Ejector.
6463900	AE – Comfort – 3 Instruments & Control Panel	Swivelling Assistant Arm, Holder for 4 Instruments & Control Panel: 3-way Syringe, Strong Suction, Saliva Ejector, one free position.
6597947	AE – Comfort – 4 Instruments & Control Panel	Swivelling Assistant Arm, Holder for 4 Instruments & Control Panel: 3-way Syringe, Strong Suction, Saliva Ejector, FONA curing Light.

Water Unit (WU) & Suction System

Ref. No.	Parts	Description
6577352	WU–Dry Suct. FONA 1000S, Glass bowl, reinforced HVE hose	Water unit swivelling cuspidor, Dry suction system (Cattani), Glass cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, reinforced HVE hose, water heater.
6474006	WU – Dry Suction FONA 1000 S, Glass bowl	Water unit swivelling cuspidor, Dry suction, Glass cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, water heater.
6577329	WU–Dry Suct. FONA 1000S, Melamine b., reinforced HVE hose	Water unit swivelling cuspidor, Dry suction system (Cattani), Melamine cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, , reinforced HVE hose, water heater.
6570100	WU – Dry Suction FONA 1000 S, Melamine bowl	Water unit swivelling cuspidor, Dry suction, Melamine cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, water heater.
6577345	WU–Wet Suct. FONA 1000S, Glass bow, reinforced HVE hose	Water unit swivelling cuspidor, Wet suction, Glass cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, reinforced HVE hose, water heater.
6473925	WU – Wet Suction FONA 1000 C and S, Glass bowl	Water unit swivelling cuspidor, Wet suction, Glass cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, water heater.
6577311	WU–Wet Suct. FONA 1000S, Melamine bowl, reinf. HVE hose	Water unit swivelling cuspidor, Wet suction, Melamine cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, reinforced HVE hose, water heater.
6473933	WU – Wet Suction FONA 1000, Melamine bowl	Water unit swivelling cuspidor, Wet suction, Melamine cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, water heater.
6577337	WU–Semi Wet Suct. FONA 1000S, Glass bowl, reinf. HVE hose	Water unit swivelling cuspidor, Semi-Wet suction, Glass cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, reinforced HVE hose, water heater.
6473966	WU – Semi Wet Suction FONA 1000 C and S, Glass bowl	Water unit swivelling cuspidor, Semi-Wet suction, Glass cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, water heater.
6577303	WU–Semi Wet Suct. FONA 1000S,Melamine bowl,reinf. HVE hose	Water unit swivelling cuspidor, Semi-Wet suction, Melamine cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, water heater.
6473974	WU – Semi Wet Suction FONA 1000, Melamine bowl	Water unit swivelling cuspidor, Semi-Wet suction, Melamine cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, water heater.
6577295	WU–Air&Air vent. Suct. FONA 1000S,Gl. bowl,reinf. HVE hose	Water unit swivelling cuspidor, Air venturi suction for saliva ejector, Air venturi suction for Strong suction, Glass cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, reinforced HVE hose, water heater.
6577287	WU–Air&Air vent. suct.FONA 1000S,Melam. b.,reinf. HVE hose	Water unit swivelling cuspidor, Air venturi suction for saliva ejector, Air venturi suction for Strong suction, Melamine cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, reinforced HVE hose, water heater.
6473883	WU – Air&Air venturi Suction FONA 1000 C and S, Glass bowl	Water unit swivelling cuspidor, Air venturi suction for saliva ejector, Air venturi suction for Strong suction, Glass cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, water heater.
6473891	WU – Air&Air venturi Suction FONA 1000, Melamine bowl	Water unit swivelling cuspidor, Air venturi suction for saliva ejector, Air venturi suction for Strong suction, Melamine cuspidor bowl, Fresh Water bottle system as independent source of water for instruments, city water switch, water heater.

Operating Light (OL)

Ref. No.	Parts	Description
6471804	OL – Arm system	Operating Light Arm System, ready for multimedia RFK.
6106590	OL – Halogen Light	Halogen Light, with stainless steel handles, 3 steps of intensity, chair – light synchronisation. Precondition: Operating Light Arm System.
6456508	OL – LED Light	Sensor operated LED light with dimmer, adjustable in 3 axes, chair – light synchronisation Precondition: Operating Light Arm System.

Multimedia (MM) - Retrofit Kits (RFK)

Ref. No.	Parts	Description
6166701	RFK – MM – Monitor Arm System	Support arm for intra oral camera and monitor (without intra oral camera and monitor).
6403948	RFK – MM – 17" Monitor	LCD Monitor 17" (220-240V), Precondition: Requires Monitor Arm System
6476456	RFK – MM – Camera FONA	Intraoral camera FONA, For installation on the back of the monitor, orientation switch , LED light, 29 pictures memmory, split screen 4 images or single image, USB conn. to PC, drivers. Precondition: Requires Monitor Arm and Monitor.

Beauty package

Ref. No.	Parts	Description
MDU1SHH01	Beauty Package FONA, 1000 S, Dune, HH, v1, pack.1	Set of stickers to customize the look of FONA 1000 series Hanging Hoses TCs. Includes stickers for patient chair, DE and WU. Dune texture.
MME1SHH01	Beauty Package FONA, 1000 S, Meadow, HH, v1, pack.1	Set of stickers to customize the look of FONA 1000 series Hanging Hoses TCs. Includes stickers for patient chair, DE and WU. Meadow texture.
MOC1SHH01	Beauty Package FONA, 1000 S, Ocean, HH, v1, pack.1	Set of stickers to customize the look of FONA 1000 series Hanging Hoses TCs. Includes stickers for patient chair, DE and WU. Ocean texture.
MSH1SHH01	Beauty Package FONA, 1000 S, Shore, HH, v1, pack.1	Set of stickers to customize the look of FONA 1000 series Hanging Hoses TCs. Includes stickers for patient chair, DE and WU. Shore texture.

Stellaris 3D Ceph

SUPERIOR CBCT FOR EVERY INDICATION

Stellaris 3D with ceph is a complete and compact 3D device - 4 In 1 - CBCT, Panoramic and Cephalometric system as well as 3D scanner of models, which covers an entire range of applications – from endodontics, periodontology, surgery, implantology to orthodontics – everything you need in your daily practice. System is delivered as Plug&Play with preinstalled PC and software.

READY FOR EVERY DIAGNOSIS

Stellaris 3D covers a variety of diagnostics in 2D, 3D and Ceph with multiple fields of view, programs for panoramic examinations and cephalometric scans. Resolution selections available are ECO, Standard

COMPACT AND MODERN

The minimalist, elegant, space-saving design allows installation of Stellaris 3D in areas where conventional devices would not fit.

POWER OF TOUCH

Control of the system is available from your PC screen as well as on the unit's touchscreen, allowing straightforward program selection with hints for correct positioning.

https://stomdevice.ru - стоматологическое и зуботехническое оборудование с доставкой по России и СНГ

Stellaris 3D Ceph typical configuration

The below listed configuration is complete functional system where cephalometric arm is included. The system is then truly complete solution 3 in 1 - CBCT with multiple field of views, PAN and One-shot cephalometric arm.

Ref. No.	Parts	Description	Count
9768600002	Stellaris 3D Ceph-Standard configuration	Digital ConeBeam CT with Multiple FOV + Panoramic unit, cephalometric one-shot modality, standard configuration. Column + head + positioners + preinstalled PC with Stellaris Pro Software, 3D acquisition license level, accessories.	1
9360009000	Self-standing base plate with cover	Baseplate for installation without fixation to the wall or for reinforced fixation both to the wall and to the floor with aesthetic plastic cover of baseplate, suitable for Pano/3D units. NOTE: Contains 7668021600.	1
3314072	Hygienic protective sleeves for bite block	Transparent hygienic protective sleeves, single-use, for biteblocks/nasal supports (yellow, blue, brown), for panoramic and 3D CBCST devices, packed in roll, 500 pcs.	1

Product/Main unit

Ref. No.	Parts	Description
9768600002	Stellaris 3D Ceph-Standard configuration	Digital ConeBeam CT with Multiple FOV + Panoramic unit, cephalometric one-shot modality, standard configuration. Column + head + positioners + preinstalled PC with Stellaris Pro Software, 3D acquisition license level, accessories.

Options

Ref. No.	Parts	Description
9360009000	Self-standing base plate with cover	Baseplate for installation without fixation to the wall or for reinforced fixation both to the wall and to the floor with aesthetic plastic cover of baseplate, suitable for Pano/3D units. NOTE: Contains 7668021600.
7668021600	Additional cover for base plate of Pano/3D, gray plastic	Aesthetic plastic cover for metal baseplate of Pano/3D units. Suitable for units with baseplate without cover.
9319000155	Kit–Additional Remote Hand-Switch w. wall box, magnetic	For exposure release outside of the X-Ray room. Wall-Box with 10 m extension cable, white plastic, magnetic, Magnetic Hand Switch with coil cable stretchable up to 3m. Substitutes 931900150.

Positioners

Ref. No.	Parts	Description
AM901171	Positioner chamber – surgical dime/splint 3D scanning	Positioner allowing to scan surgical guides / dimes / stone models or splints in 3D, metallic cylinder and base with foam insert, yellow connection.

User Phantoms

Ref. No.	Parts	Description
7668010036	Phantom – PANO Linearity test, BASIC, yellow connection	Linearity test phantom PANO programs (1 Ball and 2 needles phantom for linearity check – BASIC), yellow. Suitable for regular user linearity checks, yellow connection.

Imaging software packages

Ref. No.	Parts	Description
9380097700	SW–Stellaris Pro, DVD+online key Standard + 3D license	Standard license supporting up to 10 computers in network, delivered on DVD + online license key with Standard license + 3D acquisition, Quick User Guide, Multi-language support.

Imaging software upgrades

Ref. No.	Parts	Description
9380096302	Upgrade–DICOM upgrade for FONA Imaging software	Enables DICOM functions: Print, Store and Worklist. Upgrade is related to the dongle HW key / on-line activated license and can be managed remotely. Suitable for communication with DICOM PACS systems, DICOM PRINT and hospital DICOM WORKLIST. Upgrade applicable both for OrisWin and Stellaris Pro software.
9380096700	Upgrade–Advanced Report upgrade for FONA Imaging software	Enables export of images and creation of the user report. Consists of Advanced report software module and upgrade of the dongle HW key or online-activated software (can be managed remotely). Upgrade applicable both for OrisWin and Stellaris Pro software.

Software 3D implant simulation packages

Ref. No.	Parts	Description
9380096900	Software–FONA 3D Implant Sim. SW, no VIEWER–1 PC version	DVD with 3D Implant Simulation, HW license key (IMPLANT), SINGLE user, without DICOM Viewer, 3 months of technical support.
9380096901	Software–FONA 3D Implant Sim. WITH VIEWER–1 PC	DVD with 3D Implant Simulation, HW license key (IMPLANT), SINGLE user, with DICOM Viewer, 3 months of technical support.
9380096902	Software–FONA 3D Implant Sim. WITHOUT VIEWER–10 PCs	DVD with 3D Implant Simulation, On-Line license, up to 10 computers, without DICOM Viewer, 3 months of technical support.
9380096903	Software–FONA 3D Implant Sim. SW WITH VIEWER–10 PCs	DVD with 3D Implant Simulation, On-Line license, up to 10 computers, with DICOM Viewer, 3 months of technical support.

Consumables

Ref. No.	Parts	Description
3314072	Hygienic protective sleeves for bite block	Transparent hygienic protective sleeves, single-use, for biteblocks/nasal supports (yellow, blue, brown), for panoramic and 3D CBCST devices, packed in roll, 500 pcs.

XPan 3D Plus

THE ULTIMATE DIAGNOSTIC SOLUTION

XPan 3D Plus combines Cone Beam CT, Panoramic and One-Shot Cephalometric imaging functionality in one compact device. It is the ultimate solution for everyone who wants to perform full range of radiographic dental exams with only one system. Switching between sensors is done automatically, without need of manual handling, thus saving you time and securing your investment. Select desired 2D or 3D exposure program with a simple push of a button on the device control panel or remotely from the computer. The unit is completed by high-performance PC and powerful OrisWin imaging software for smooth workflow. Fast, easy to use and fully loaded - your ultimate diagnostic solution, FONA XPan 3D Plus.

FAST AND SAFE TECHNOLOGY

System with 2 sensors automatically and quickly adjusts its position to your 3D, 2D, Pano or Ceph program selection saving you time and securing your investment.

ONE-SHOT CEPHALOMETRY

Innovative PFPT (Phosphor Flat Panel Technology) sensor acquires the cephalometric image in about 1 second, thus preventing patient movement and increasing image quality.

READY IN 2 CLICKS

Setting of exposure was never easier - 3D, Pano or Ceph in just 2 clicks. Simply select the program, patient size and you are ready to go.

Imaging software packages

Ref. No.	Parts	Description
9380096206	SW–FONA OrisWin DG, DVD+online key Standard + 3D license	Standard license supporting up to 10 computers in network, delivered on DVD + online license key with Standard license + 3D acquisition, Quick User Guide, Multi-language support.

Imaging software upgrades

Ref. No.	Parts	Description
9380096302	Upgrade–DICOM upgrade for FONA Imaging software	Enables DICOM functions: Print, Store and Worklist. Upgrade is related to the dongle HW key / on-line activated license and can be managed remotely. Suitable for communication with DICOM PACS systems, DICOM PRINT and hospital DICOM WORKLIST. Upgrade applicable both for OrisWin and Stellaris Pro software.
9380096700	Upgrade–Advanced Report upgrade for FONA Imaging software	Enables export of images and creation of the user report. Consists of Advanced report software module and upgrade of the dongle HW key or online-activated software (can be managed remotely). Upgrade applicable both for OrisWin and Stellaris Pro software.

Software 3D implant simulation packages

Ref. No.	Parts	Description
9380096900	Software–FONA 3D Implant Sim. SW, no VIEWER–1 PC version	DVD with 3D Implant Simulation, HW license key (IMPLANT), SINGLE user, without DICOM Viewer, 3 months of technical support.
9380096901	Software–FONA 3D Implant Sim. WITH VIEWER–1 PC	DVD with 3D Implant Simulation, HW license key (IMPLANT), SINGLE user, with DICOM Viewer, 3 months of technical support.
9380096902	Software–FONA 3D Implant Sim. WITHOUT VIEWER–10 PCs	DVD with 3D Implant Simulation, On-Line license, up to 10 computers, without DICOM Viewer, 3 months of technical support.
9380096903	Software–FONA 3D Implant Sim. SW WITH VIEWER–10 PCs	DVD with 3D Implant Simulation, On-Line license, up to 10 computers, with DICOM Viewer, 3 months of technical support.

Consumables

Ref. No.	Parts	Description
3314072	Hygienic protective sleeves for bite block	Transparent hygienic protective sleeves, single-use, for biteblocks/nasal supports (yellow, blue, brown), for panoramic and 3D CBCST devices, packed in roll, 500 pcs.

XPan 3D

A COMPLETE VIEW FOR ACCURATE DIAGNOSIS

XPan 3D is the 2-in-1 dental solution that combines the advantages of 2D panoramic and 3D imaging in one device, making 3D technology accessible to more dental studios worldwide.

COMPLETE 3D VOLUME IN 10 SECONDS

An image reconstruction time as little as 10 seconds lets you view results immediately with the patient.

FULL ARCH FIELD OF VIEW 85x85 MM

85x85 mm FOV captures the full dental arch with just one exposure.

COMPACT DESIGN

2-in-1 solution that takes up just as little space as 2D only.

Product/Main unit

Ref. No.	Parts	Description
9768361000	FONA XPan 3D unit – Standard configuration	Digital ConeBeam CT + Panoramic unit, Standard configuration. Column + head + preinstalled PC with FONA Imaging software, 3D acquisition license level, accessories.

Options

Ref. No.	Parts	Description
9360003060	Headrest for panoramic programs	Positioner for head fixation, optionally can be mounted on X-ray unit to achieve more stable positioning.
9360009000	Self-standing base plate with cover	Baseplate for installation without fixation to the wall or for reinforced fixation both to the wall and to the floor with aesthetic plastic cover of baseplate, suitable for Pano/3D units. NOTE: Contains 7668021600.
7668021600	Additional cover for base plate of Pano/3D, gray plastic	Aesthetic plastic cover for metal baseplate of Pano/3D units. Suitable for units with baseplate without cover.
9319000155	Kit–Additional Remote Hand-Switch w. wall box, magnetic	For exposure release outside of the X-Ray room. Wall-Box with 10 m extension cable, white plastic, magnetic, Magnetic Hand Switch with coil cable stretchable up to 3m. Substitutes 931900150.

Accessories

Ref. No.	Parts	Description
7668030192	USB to RS232 converter cable	USB to RS232 converter cable dedicated for the FW upgrading of the ArtPlus, ArtPlus C and secondary also XPan DG, XPan DG line and XPan 3D control board.

Positioners

Ref. No.	Parts	Description
5468000190	Positioners Pano/3D Kit Large, yellow conn.	Set of positioners, Pano/3D, combined chinrest+biteblock positioner with 5 autoclavable bite parts (1 pc of chinrest, 1pc of support for children, 1 pc of frame for endotelous patients,1pc of bite block support, 5pcs of yellow biteblocks)=7668010027, Bite Block (yellow), yellow connection=7668010017 + SubNasal support (yellow), yellow connection=7668010018.
7668010027	Positioners Kit Small–Combined; for 3D or pano, yellow	Set of positioners – combined chinrest+biteblock positioner with 5 autoclavable bite parts (1 pc of chinrest, 1pc of support for children, 1 pc of frame for endotelous patients,1pc of bite block support, 5pcs of yellow biteblocks), yellow connection.
7668010017	Positioner Pano/3D – Bite block (yellow) yellow connection	Bite block, Pano/3D, for panoramic programs, yellow, yellow connection.
7668010019	Positioner Pano/3D – Bite block (blue), yellow connection	Bite block, Pano/3D, for panoramic programs, blue, yellow connection.
7668010018	Positioner Pano/3D–SubNasal support (yellow), yellow conn.	Positioner, Pano/3D, Nasal support for TMJ and Sinuses, yellow, yellow connection.
7668010021	Positioner Pano/3D–SubNasal support (blue), yellow conn.	Positioner, Pano/3D, Nasal support for TMJ and Sinuses, blue, yellow connection.
AM901171	Positioner chamber – surgical dime/splint 3D scanning	Positioner allowing to scan surgical guides / dimes / stone models or splints in 3D, metallic cylinder and base with foam insert, yellow connection.

Art Plus C

PREMIUM TECHNOLOGY FOR SUPERB QUALITY

Art Plus C is an advanced digital panoramic system with latest CdTe-CMOS sensor technology. It combines extraordinary image quality, sharpness and contrast with advanced diagnostic tools. Due to the special sensor technology, and continuous AutoFocus function, FONA Art Plus always delivers properly focused images, in both Pan and Pan Ceph version and also in upgradeable version.

CONTINUOUS AUTOFOCUS

No more blurred images and additional exposures – the region of interest is always in focus.

EXCELLENT IMAGE QUALITY

Latest direct conversion technology for high resolution, extraordinary sharpness, clarity and lower dose.

EASY TO OPERATE

Intuitive and fast setting of the exposure program with just 2 clicks.

XPan DG Plus

SUPERB DIGITAL SYSTEM

XPan DG Plus is the perfect choice for dentists willing to equip their studio with digital imaging technologies. XPan DG and its Ceph version XPan DG Plus are the perfect choice for everyone searching high quality, but reasonably priced, digital panoramic and cephalometric system. Benefit from easy operation, quick positioning, comprehensive program range and reliable performance! Both XPan DG and XPan DG Plus produce high image quality and tissue resolution. Now you can diagnose periodontal status and soft tissue levels even from a panoramic image.

COST EFFICIENT

Single sensor Pan-Ceph solution with an excellent price/performance ratio.

FAST AND STABLE POSITIONING

3 aiming beams and smart positioners for easy and stable patient positioning.

INTUITIVE USE

Quick exposure program selection for daily diagnosis.

Product/Main unit

Ref. No.	Parts	Description
9768263100	FONA XPan DG Plus unit – Standard configuration	Digital Panoramic unit with Cephalometric arm, removable sensor, standard configuration. Column + head + CEPH arm + FONA OrisWin DG Suite software, Standard license level, accessories.

Options

Ref. No.	Parts	Description
9360003060	Headrest for panoramic programs	Positioner for head fixation, optionally can be mounted on X-ray unit to achieve more stable positioning.
9360009000	Self-standing base plate with cover	Baseplate for installation without fixation to the wall or for reinforced fixation both to the wall and to the floor with aesthetic plastic cover of baseplate, suitable for Pano/3D units. NOTE: Contains 7668021600.
7668021600	Additional cover for base plate of Pano/3D, gray plastic	Aesthetic plastic cover for metal baseplate of Pano/3D units. Suitable for units with baseplate without cover.
9319000155	Kit–Additional Remote Hand-Switch w. wall box, magnetic	For exposure release outside of the X-Ray room. Wall-Box with 10 m extension cable, white plastic, magnetic, Magnetic Hand Switch with coil cable stretchable up to 3m. Substitutes 931900150.

Accessories

Ref. No.	Parts	Description
7668030192	USB to RS232 converter cable	USB to RS232 converter cable dedicated for the FW upgrading of the ArtPlus, ArtPlus C and secondary also XPan DG, XPan DG line and XPan 3D control board.

Positioners

Ref. No.	Parts	Description
5468000190	Positioners Pano/3D Kit Large, yellow conn.	Set of positioners, Pano/3D, combined chinrest+biteblock positioner with 5 autoclavable bite parts (1 pc of chinrest, 1pc of support for children, 1 pc of frame for endotelous patients,1pc of bite block support, 5pcs of yellow biteblocks)=7668010027, Bite Block (yellow), yellow connection=7668010017 + SubNasal support (yellow), yellow connection=7668010018.
7668010027	Positioners Kit Small–Combined; for 3D or pano, yellow	Set of positioners – combined chinrest+biteblock positioner with 5 autoclavable bite parts (1 pc of chinrest, 1pc of support for children, 1 pc of frame for endotelous patients,1pc of bite block support, 5pcs of yellow biteblocks), yellow connection.
7668010017	Positioner Pano/3D – Bite block (yellow) yellow connection	Bite block, Pano/3D, for panoramic programs, yellow, yellow connection.
7668010019	Positioner Pano/3D – Bite block (blue), yellow connection	Bite block, Pano/3D, for panoramic programs, blue, yellow connection.
7668010018	Positioner Pano/3D–SubNasal support (yellow), yellow conn.	Positioner, Pano/3D, Nasal support for TMJ and Sinuses, yellow, yellow connection.
7668010021	Positioner Pano/3D–SubNasal support (blue), yellow conn.	Positioner, Pano/3D, Nasal support for TMJ and Sinuses, blue, yellow connection.

User Phantoms

Ref. No.	Parts	Description
7668010036	Phantom – PANO Linearity test, BASIC, yellow connection	Linearity test phantom PANO programs (1 Ball and 2 needles phantom for linearity check – BASIC), yellow. Suitable for regular user linearity checks, yellow connection.

Stellaris

GOING BEYOND

Stellaris is the premium line intraoral sensor from FONA, with the highest level detail for unparalleled richness of diagnostic information. Due to the latest scintillator and high chip resolution, the pathologies as caries, perio issues or endo can be clearly diagnosed and determine next steps chair-side.

ENJOY ULTIMATE FREEDOM

Stellaris unique sensor design and FONA software free you from worries about future, today.

SEE THE UNSEEN

Stellaris, the most advanced intraoral sensor from FONA, brings you images extra rich with detail for highest diagnostic value.

WORK IN LIGHT SPEED

Stellaris allows you to work faster and be more efficient than ever before. Change the sensor size or share the sensor among operatories easily thanks to the modular concept.

B1074330	Positioner IO–Start set–AimRight Universal Adhesive	Set consists of 1xAimRight Universal Aiming Ring, 1xAnterior Arm, 1xBitewing Arm, 1xPosterior Arm, 15xUniversal Bite Tab Holder Assembly red, 15xUniversal Bitewing Holder Assembly blue, 15xUniversal Endodontic Tab Holder Assembly green, 15xUniversal Anterior Holder Assembly white, 15xUniversal Periapical Holder Assembly yellow. Universal use for imaging plate, sensor or film.

Intraoral Positioners - Grip, autoclavable

Ref. No.	Parts	Description
B1074130	Positioner IO–Start set-Stellaris/CDRelite 1–AimRight Grip	Set consists of 2 pairs of positioners for sensors CDRelite / Stellaris – Size 1: AimRight Grip ring, Horizontal BiteWing grip holder (blue), Vertical BiteWing grip holder (blue), Anterior grip holder (white), Periapical grip holder (yellow) 2x (Q1&Q3, Q2&Q4).
B1074230	Positioner IO–Start set-Stellaris/CDRelite 2–AimRight Grip	Set consists of 2 pairs of positioners for sensors CDRelite / Stellaris – Size 2: AimRight Grip ring, Horizontal BiteWing grip holder (blue), Vertical BiteWing grip holder (blue), Anterior grip holder (white), Periapical grip holder (yellow) 2x (Q1&Q3, Q2&Q4).

Consumables

Ref. No.	Parts	Description
100005399	Refill–Hyg. sheaths-Stellaris/CDRelite–S0-dental equip.	Infection control barriers – hygienic sheaths for FONA Stellaris / CDRelite sensor Size 0, 300/pkg. Dental equipment.
100005397	Refill–Hyg. sheaths-Stellaris/CDRelite–S1-dental equip.	Infection control barriers – hygienic sheaths for FONA Stellaris / CDRelite sensor Size 1, 300/pkg. Dental equipment.
100005395	Refill–Hyg. sheaths-Stellaris/CDRelite–S2-dental equip.	Infection control barriers – hygienic sheaths for FONA Stellaris / CDRelite sensor Size 2, 300/pkg. Dental equipment.
B1073051	Refill – AimRight Universal Adhesive – Bite Tab Holders	Refills for positioner AimRight Universal Adhesive, disposable part: Bite Tab Holders (50/pkg) – red.
B1073052	Refill – AimRight Universal Adhesive – Bitewing Holders	Refills for positioner AimRight Universal Adhesive, disposable part: Bitewing Holders (50/pkg) – blue.
B1073053	Refill – AimRight Universal Adhesive – Endodontic Holders	Refills for positioner AimRight Universal Adhesive, disposable part: Endodontic Holders (50/pkg) – green.
B1073054	Refill – AimRight Universal Adhesive – Anterior Holders	Refills for positioner AimRight Universal Adhesive, disposable part: Anterior Holders (50/pkg) – white.
B1073055	Refill – AimRight Universal Adhesive – Periapical Holders	Refills for positioner AimRight Universal Adhesive, disposable part: Periapical Holders (50/pkg) – yellow.

CDRelite

ADVANCED TECHNOLOGY

CDRelite is an intraoral sensor that combines outstanding image quality, long-term durability, ease of use and a design focused on patient comfort. It excels thanks to unique combination of high-quality sensor, the exchangeable sensor cable and modular concept.

FIELD REPLACEABLE CABLE

World's only field replaceable sensor cable makes your investment a secure one.

EXCELLENT IMAGE QUALITY

Advanced CMOS APS technology for excellent image quality.

ALWAYS READY FOR EXPOSURE

Button-free sensor activation. Always ready for exposure.

CDRelite - Sensor Size 0 STANDARD Package

This package is suitable for the installation to the 1-chair surgery or for the one dedicated X-ray room. It contains STANDARD Sensor shipping kit with sensor, spare cable and wall holster.

Ref. No.	Parts	Description	Count
B1311000	Sensor – FONA CDRelite STANDARD kit, Size 0 cable 6'/1,8 m	CDRelite sensor Size 0 with 6'/1,8 m cable, STANDARD kit: 100 hygienic sheaths Size 0, sensor holster, spare sensor cable 6'/1,8 m, screwdriver, sensor care guide, quick start guide.	1
B2272000	Remote USB module Kit for Stellaris / CDRelite	Stellaris / CDRelite remote module, wall mount kit, manual English.	1
B2250150	Cable for USB Remote – 5 m	Extra shielded USB cable 16'/5 m USB A-USB B.	1
B1073059	Positioner IO–Start kit-CDRelite 0–AimRight Univ.Adh.	Kit consists of 100 hygienic sheaths – CDRelite size 0, and set of positioner consisting of 1xAimRight Universal Aiming Ring, 1xAnterior Arm, 1xBitewing Arm, 1xPosterior Arm, 15xUniversal Bite Tab Holder Assembly red, 15xUniversal Bitewing Holder Assembly blue, 15xUniversal Endodontic Tab Holder Assembly green, 15xUniversal Anterior Holder Assembly white, 15xUniversal Periapical Holder Assembly yellow.	1
9380096006	Software–FONA OrisWin DG, DVD+online key, Stand. License	Standard license of OrisWin DG Suite imaging software supporting up to 10 computers in network, delivered on DVD + online license key, Quick User Guide, Multi-language support.	1

* Select the suitable length of USB cable; optionally can be ordered with Stellaris Pro software

CDRelite - Sensor Size 1 STANDARD Package

This package is suitable for the installation to the 1-chair surgery or for the one dedicated X-ray room. It contains STANDARD Sensor shipping kit with sensor, spare cable and wall holster.

Ref. No.	Parts	Description	Count
B1111000	Sensor – FONA CDRelite STANDARD kit, Size 1 cable 6'/1,8 m	CDRelite sensor Size 1 with 6'/1,8 m cable, STANDARD kit: 100 hygienic sheaths Size 1, sensor holster, spare sensor cable 6'/1,8 m, screwdriver, sensor care guide, quick start guide.	1
B2272000	Remote USB module Kit for Stellaris / CDRelite	Stellaris / CDRelite remote module, wall mount kit, manual English.	1
B2250150	Cable for USB Remote – 5 m	Extra shielded USB cable 16'/5 m USB A-USB B.	1
B1073058	Positioner IO–Start kit-CDRelite 1–AimRight Univ.Adh.	Kit consists of 100 hygienic sheaths – CDRelite size 1, and set of positioner consisting of 1xAimRight Universal Aiming Ring, 1xAnterior Arm, 1xBitewing Arm, 1xPosterior Arm, 15xUniversal Bite Tab Holder Assembly red, 15xUniversal Bitewing Holder Assembly blue, 15xUniversal Endodontic Tab Holder Assembly green, 15xUniversal Anterior Holder Assembly white, 15xUniversal Periapical Holder Assembly yellow.	1
9380096006	Software–FONA OrisWin DG, DVD+online key, Stand. License	Standard license of OrisWin DG Suite imaging software supporting up to 10 computers in network, delivered on DVD + online license key, Quick User Guide, Multi-language support.	1

Product/Main unit

Ref. No.	Parts	Description
B1311045	Sensor - FONA CDRelite BASIC kit, Size 0, cable 6'/1,8m	CDRelite sensor Size 0 with 6'/1,8 m cable, BASIC kit: sensor care guide, quick start guide.
B1311000	Sensor – FONA CDRelite STANDARD kit, Size 0 cable 6'/1,8 m	CDRelite sensor Size 0 with 6'/1,8 m cable, STANDARD kit: 100 hygienic sheaths Size 0, sensor holster, spare sensor cable 6'/1,8 m, screwdriver, sensor care guide, quick start guide.
B1111045	Sensor - FONA CDRelite BASIC kit, Size 1, cable 6'/1,8m	CDRelite sensor Size 1 with 6'/1,8 m cable, BASIC kit: sensor care guide, quick start guide.
B1111000	Sensor – FONA CDRelite STANDARD kit, Size 1 cable 6'/1,8 m	CDRelite sensor Size 1 with 6'/1,8 m cable, STANDARD kit: 100 hygienic sheaths Size 1, sensor holster, spare sensor cable 6'/1,8 m, screwdriver, sensor care guide, quick start guide.
B2272000	Remote USB module Kit for Stellaris / CDRelite	Stellaris / CDRelite remote module, wall mount kit, manual English.
B1211045	Sensor - FONA CDRelite BASIC kit, Size 2, cable 6'/1,8m	CDRelite sensor Size 2 with 6'/1,8 m cable, BASIC kit: sensor care guide, quick start guide.
B1211000	Sensor – FONA CDRelite STANDARD kit, Size 2 cable 6'/1,8 m	CDRelite sensor Size 2 with 6'/1,8 m cable, STANDARD kit: 100 hygienic sheaths Size 2, sensor holster, spare sensor cable 6'/1,8 m, screwdriver, sensor care guide, quick start guide.

Accessories

Ref. No.	Parts	Description
B2270135	Wall Mount Kit for Stellaris / CDRelite Remote module	Wall mount clip, 2 screws, 2 fasteners. Suitable for USB remote of Stellaris/CDRelite sensor.
B1209122	Replaceable Sensor Cable Kit-Stellaris/CDRelite–3'/0,9m	Stellaris/CDRelite sensor cable 3'/0,9 m, screwdriver, 4 screws, 2 screw cover, 3 elastomeric connector frames, Sensor Cable Replacement Guide.
B1209120	Replaceable Sensor Cable Kit-Stellaris/CDRelite –6'/1,8m	Stellaris/CDRelite sensor cable 6'/1,8 m, screwdriver, 4 screws, 2 screw cover, 3 elastomeric connector frames, Sensor Cable Replacement Guide.
B1209121	Replaceable Sensor Cable Kit-Stellaris/CDRelite–9'/2,7m	Stellaris/CDRelite sensor cable 9'/2,7 m cable, screwdriver, 4 screws, 2 screw cover, 3 elastomeric connector frames, Sensor Cable Replacement Guide.
B1216025	Universal Sensor Holster FONA	Sensor holder for all sensor sizes with adhesive sticker to store sensor, useful when sensor is used in multiple treatment rooms. (Substitutes B1070025, B1209025)
B2250152	Cable for USB Remote – 0,5 m	Extra shielded USB cable 1,6'/0,5 m USB A-USB B.
B2250151	Cable for USB Remote – 2 m	Extra shielded USB cable 6,5'/2 m USB A-USB B.
B2250150	Cable for USB Remote – 5 m	Extra shielded USB cable 16'/5 m USB A-USB B.

Imaging software packages

Ref. No.	Parts	Description
9380096006	Software–FONA OrisWin DG, DVD+online key, Stand. License	Standard license of OrisWin DG Suite imaging software supporting up to 10 computers in network, delivered on DVD + online license key, Quick User Guide, Multi-language support.
9380097200	Software–Stellaris Pro, DVD+online key, Stand. License	Standard license of Stellaris Pro imaging software supporting up to 10 computers in network, delivered on DVD + online license key, Quick User Guide, Multi-language support.

Imaging software upgrades

Ref. No.	Parts	Description
9380096302	Upgrade–DICOM upgrade for FONA Imaging software	Enables DICOM functions: Print, Store and Worklist. Upgrade is related to the dongle HW key / on-line activated license and can be managed remotely. Suitable for communication with DICOM PACS systems, DICOM PRINT and hospital DICOM WORKLIST. Upgrade applicable both for OrisWin and Stellaris Pro software.
9380096700	Upgrade–Advanced Report upgrade for FONA Imaging software	Enables export of images and creation of the user report. Consists of Advanced report software module and upgrade of the dongle HW key or online-activated software (can be managed remotely). Upgrade applicable both for OrisWin and Stellaris Pro software.

Intraoral Positioners - Universal, adhesive

* Size 0 is not supported

Ref. No.	Parts	Description
B1073059	Positioner IO–Start kit-CDRelite 0–AimRight Univ.Adh.	Kit consists of 100 hygienic sheaths – CDRelite size 0, and set of positioner consisting of 1xAimRight Universal Aiming Ring, 1xAnterior Arm, 1xBitewing Arm, 1xPosterior Arm, 15xUniversal Bite Tab Holder Assembly red, 15xUniversal Bitewing Holder Assembly blue, 15xUniversal Endodontic Tab Holder Assembly green, 15xUniversal Anterior Holder Assembly white, 15xUniversal Periapical Holder Assembly yellow.
B1073058	Positioner IO–Start kit-CDRelite 1–AimRight Univ.Adh.	Kit consists of 100 hygienic sheaths – CDRelite size 1, and set of positioner consisting of 1xAimRight Universal Aiming Ring, 1xAnterior Arm, 1xBitewing Arm, 1xPosterior Arm, 15xUniversal Bite Tab Holder Assembly red, 15xUniversal Bitewing Holder Assembly blue, 15xUniversal Endodontic Tab Holder Assembly green, 15xUniversal Anterior Holder Assembly white, 15xUniversal Periapical Holder Assembly yellow.
B1073057	Positioner IO–Start kit-CDRelite 2–AimRight Univ.Adh.	Kit consists of 100 hygienic sheaths – CDRelite size 2, and set of positioner consisting of 1xAimRight Universal Aiming Ring, 1xAnterior Arm, 1xBitewing Arm, 1xPosterior Arm, 15xUniversal Bite Tab Holder Assembly red, 15xUniversal Bitewing Holder Assembly blue, 15xUniversal Endodontic Tab Holder Assembly green, 15xUniversal Anterior Holder Assembly white, 15xUniversal Periapical Holder Assembly yellow.
B1074330	Positioner IO–Start set–AimRight Universal Adhesive	Set consists of 1xAimRight Universal Aiming Ring, 1xAnterior Arm, 1xBitewing Arm, 1xPosterior Arm, 15xUniversal Bite Tab Holder Assembly red, 15xUniversal Bitewing Holder Assembly blue, 15xUniversal Endodontic Tab Holder Assembly green, 15xUniversal Anterior Holder Assembly white, 15xUniversal Periapical Holder Assembly yellow. Universal use for imaging plate, sensor or film.

Intraoral Positioners - Grip, autoclavable

Ref. No.	Parts	Description
B1074130	Positioner IO–Start set-Stellaris/CDRelite 1–AimRight Grip	Set consists of 2 pairs of positioners for sensors CDRelite / Stellaris – Size 1: AimRight Grip ring, Horizontal BiteWing grip holder (blue), Vertical BiteWing grip holder (blue), Anterior grip holder (white), Periapical grip holder (yellow) 2x (Q1&Q3, Q2&Q4).
B1074230	Positioner IO–Start set-Stellaris/CDRelite 2–AimRight Grip	Set consists of 2 pairs of positioners for sensors CDRelite / Stellaris – Size 2: AimRight Grip ring, Horizontal BiteWing grip holder (blue), Vertical BiteWing grip holder (blue), Anterior grip holder (white), Periapical grip holder (yellow) 2x (Q1&Q3, Q2&Q4).

CDR (consumables only)

FOR EVERYDAY DIAGNOSTICS

CDR is the best choice if you look for a reliable sensor with high image quality at a reasonable price.

COMFORTABLE POSITIONING

Rounded edges and optimal cable location for comfortable positioning.

FOR EVERYDAY DIAGNOSTICS

CMOS APS technology for excellent image quality.

SAFE INVESTMENT

Detachable cables for full flexibility and investment security.

ScaNeo (consumables only)

ALL THE ADVANTAGES OF DIGITAL

ScaNeo can be used either chairside or centrally located to serve multiple treatment rooms without any limitation in the number of users. It is intuitive to operate, while the phosphor plates are comfortable for the patient. ScaNeo brings you all the advantages of digital imaging with a familiar film-like acquisition process.

EASE OF USE

Intuitive display and insertion guide for ease of use.

PATIENT COMFORT

Plate sizes and positioning just as with traditional film allowing ease of use and patient comfort.

MULTIPLE USERS SOLUTION

ScaNeo can be used either chairside or centrally located to serve multiple treatment rooms without any limitation in the number of users.

Ref. No.	Parts	Description
8684700100	Starter Kit of Imaging plates – 6 plates in set	Set of 1x Size 0, 2x Size 1, 2x Size 2, 1xSize 3, including light protecting paper covers. Suitable for shared ScaNeo (one or more sets per each treatment room).
9384700150	Refill – Imaging Plates – 2x size 0	Imaging plates 2 pcs of size 0 in package, including Light Protection Paper Covers.
9384700151	Refill – Imaging Plates – 2x size 1	Imaging plates 2 pcs of size 1 in package, including Light Protection Paper Covers.
9384700152	Refill – Imaging Plates – 2x size 2	Imaging plates 2 pcs of size 2 in package, including Light Protection Paper Covers.
9384700153	Refill – Imaging Plates – 2x size 3	Imaging plates 2 pcs of size 3 in package, including Light Protection Paper Covers.
9384700250	Refill – Hygienic Bags – 100x size 0	Hygienic envelopes with adhesive strip protecting the plate mechanically and preventing cross contamination, 100x per package, size 0.
9384700251	Refill – Hygienic Bags – 100x size 1	Hygienic envelopes with adhesive strip protecting the plate mechanically and preventing cross contamination, 100x per package, size 1.
9384700252	Refill – Hygienic Bags – 100x size 2	Hygienic envelopes with adhesive strip protecting the plate mechanically and preventing cross contamination, 100x per package, size 2.
9384700253	Refill – Hygienic Bags – 100x size 3	Hygienic envelopes with adhesive strip protecting the plate mechanically and preventing cross contamination, 100x per package, size 3.
9384700300	Refill – Light Protection Paper Covers – 100x size 0	Paper covers with orientation mark, light and mechanical protection, 100x size 0.
9384700301	Refill – Light Protection Paper Covers – 100x size 1	Paper covers with orientation mark, light and mechanical protection, 100x size 1.
9384700302	Refill – Light Protection Paper Covers – 100x size 2	Paper covers with orientation mark, light and mechanical protection, 100x size 2.
9384700303	Refill – Light Protection paper Covers – 100x size 3	Paper covers with orientation mark, light and mechanical protection, 100x size 3.
B1073051	Refill – AimRight Universal Adhesive – Bite Tab Holders	Refills for positioner AimRight Universal Adhesive, disposable part: Bite Tab Holders (50/pkg) – red.
B1073052	Refill – AimRight Universal Adhesive – Bitewing Holders	Refills for positioner AimRight Universal Adhesive, disposable part: Bitewing Holders (50/pkg) – blue.
B1073053	Refill – AimRight Universal Adhesive – Endodontic Holders	Refills for positioner AimRight Universal Adhesive, disposable part: Endodontic Holders (50/pkg) – green.
B1073054	Refill – AimRight Universal Adhesive – Anterior Holders	Refills for positioner AimRight Universal Adhesive, disposable part: Anterior Holders (50/pkg) – white.
B1073055	Refill – AimRight Universal Adhesive – Periapical Holders	Refills for positioner AimRight Universal Adhesive, disposable part: Periapical Holders (50/pkg) – yellow.

Intraoral Universal Adhesive Positioners

FREEDOM OF INTRAORAL POSITIONING

With Universal Adhesive Positioner the placement of sensor in to the patient mouth is easy, stressless and stable solution to acquire always good intraoral X-ray image using any preferred technology - film, phosphor plate or sensor. Targeting ring with 3 arms allows quick and smooth acquisition of intraoral image for every anatomical area without support of dentist or patient fingers.

MAXIMUM PRECISION

Ring helps with always matching the x-ray cone with the receptor.

GENTLE TOUCH

Teeth placement area for gently placing patient's teeth. Patient holds the positioner securely in place without stress and pain.

FULL FLEXIBILITY

Get maximum precision with any imaging receptors you use thanks to disposable self-adhesive holders.

https://stomdevice.ru - стоматологическое и зуботехническое оборудование с доставкой по России и СНГ

Intraoral Positioners - Universal, adhesive

Ref. No.	Parts	Description
B1073059	Positioner IO–Start kit-CDRelite 0–AimRight Univ.Adh.	Kit consists of 100 hygienic sheaths – CDRelite size 0, and set of positioner consisting of 1xAimRight Universal Aiming Ring, 1xAnterior Arm, 1xBitewing Arm, 1xPosterior Arm, 15xUniversal Bite Tab Holder Assembly red, 15xUniversal Bitewing Holder Assembly blue, 15xUniversal Endodontic Tab Holder Assembly green, 15xUniversal Anterior Holder Assembly white, 15xUniversal Periapical Holder Assembly yellow.
B1073058	Positioner IO–Start kit-CDRelite 1–AimRight Univ.Adh.	Kit consists of 100 hygienic sheaths – CDRelite size 1, and set of positioner consisting of 1xAimRight Universal Aiming Ring, 1xAnterior Arm, 1xBitewing Arm, 1xPosterior Arm, 15xUniversal Bite Tab Holder Assembly red, 15xUniversal Bitewing Holder Assembly blue, 15xUniversal Endodontic Tab Holder Assembly green, 15xUniversal Anterior Holder Assembly white, 15xUniversal Periapical Holder Assembly yellow.
B1073057	Positioner IO–Start kit-CDRelite 2–AimRight Univ.Adh.	Kit consists of 100 hygienic sheaths – CDRelite size 2, and set of positioner consisting of 1xAimRight Universal Aiming Ring, 1xAnterior Arm, 1xBitewing Arm, 1xPosterior Arm, 15xUniversal Bite Tab Holder Assembly red, 15xUniversal Bitewing Holder Assembly blue, 15xUniversal Endodontic Tab Holder Assembly green, 15xUniversal Anterior Holder Assembly white, 15xUniversal Periapical Holder Assembly yellow.
B1074330	Positioner IO–Start set–AimRight Universal Adhesive	Set consists of 1xAimRight Universal Aiming Ring, 1xAnterior Arm, 1xBitewing Arm, 1xPosterior Arm, 15xUniversal Bite Tab Holder Assembly red, 15xUniversal Bitewing Holder Assembly blue, 15xUniversal Endodontic Tab Holder Assembly green, 15xUniversal Anterior Holder Assembly white, 15xUniversal Periapical Holder Assembly yellow. Universal use for imaging plate, sensor or film.

Consumables

Intraoral Grip Autoclavable Positioners

EFFECTIVE AND COMFORTABLE SENSOR POSITIONING

With Grip positioner the placement of CDRelite or Stellaris intraoral sensor in to the patient mouth is gentle, stressless and stable solution to acquire always good intraoral X-ray image for desired region of interest. Targeting ring with 5 arms allow quick and smooth acquisition of intraoral image for every anatomical area without support. of dentist or patient fingers.

MAXIMUM PRECISION

Ring helps with always matching the x-ray cone with the receptor.

GENTLE TOUCH

Teeth placement area for gently placing patient's teeth. Patient holds the positioner securely in place without stress and pain.

COMPLETE HYGIENE

Whole positioner is fully autoclave-able. No need to compromise your hygiene requirements.

XDC

PERFECT CHOICE FOR DEMANDING PROFESSIONALS

This state of the art DC device with its modern design will fit perfectly into your dental studio and has the flexibility to give you excellent image quality in all your clinical cases. Its technology is fulfilling the highest standards for low dose digital imaging and with three pre-sets, for all receptor types, is universally usable for digital sensors, phosphor plates or films.

ADVANCED TECHNOLOGY

State of the art DC technology means excellent image quality and all the detail you need for your diagnosis.

INTEGRATION FLEXIBILITY

Different configuration possibilities for comfortable and reliable positioning.

PRECISE SETTINGS FOR ALL EXPOSURES

Automatic exposure setting in just 3 steps for fast and high quality imaging.

Product/Main unit

Ref. No.	Parts	Description
9759062320	FONA XDC, Wall mounted: round BLD, arm length 30 cm	Wall-mounted Intraoral DC (Direct Current) / High frequency X-Ray with the horizontal arm length 30 cm allowing max. Reach 143/133 cm distance wall – patient (without/with cone extension), 9 pre-set programs, Adult, Child, R20 scale, 60kV / 70 kV, DAP registry, parameters in mAs/mA/s, focal spot 0,4.
9759062620	FONA XDC, Wall mounted: round BLD, arm length 60 cm	Wall-mounted Intraoral DC (Direct Current) / High frequency X-Ray with the horizontal arm length 60 cm allowing max. Reach 173/163 cm distance wall – patient (without/with cone extension), 9 pre-set programs, Adult, Child, R20 scale, 60kV / 70 kV, DAP registry, parameters in mAs/mA/s, focal spot 0,4.
9759062820	FONA XDC, Wall mounted: round BLD, arm length 80 cm	Wall-mounted Intraoral DC (Direct Current) / High frequency X-Ray with the horizontal arm length 80 cm allowing max. Reach 193/183 cm distance wall – patient (without/with cone extension), 9 pre-set programs, Adult, Child, R20 scale, 60kV / 70 kV, DAP registry, parameters in mAs/mA/s, focal spot 0,4.
9759062120	FONA XDC, Wall mounted: round BLD, arm length 100 cm	Wall-mounted Intraoral DC (Direct Current) / High frequency X-Ray with the horizontal arm length 100 cm allowing max. Reach 213/203 cm distance wall – patient (without/with cone extension), 9 pre-set programs, Adult, Child, R20 scale, 60kV / 70 kV, DAP registry, parameters in mAs/mA/s, focal spot 0,4.
9759067820	FONA XDC, mobile system: round BLD	Mobile Intraoral DC (Direct Current) / High frequency X-Ray, 9 pre-set programs, Adult, Child, R20 scale, 60kV / 70 kV, DAP registry, parameters in mAs/mA/s, focal spot 0,4.

Options

Ref. No.	Parts	Description
8610021500	Wall Plate 16" – for wall mounted intraoral X- rays	Metal plate 16" for reinforcement of the wall for wall installation. Suitable when wall is not strong enough, 1 or 2 pieces to be used.
9310811000	Interface plate for wall-mounted FONA Intraoral X-rays	Adapting interface wall plate for FONA arm of intraoral X-rays to mount the FONA X-ray on existing wall anchors of old X-ray (Irix, Oralix) without drilling.
9319000155	Kit–Additional Remote Hand-Switch w. wall box, magnetic	For exposure release outside of the X-Ray room. Wall-Box with 10 m extension cable, white plastic, magnetic, Magnetic Hand Switch with coil cable stretchable up to 3m. Substitutes 931900150.
9119000060	Kit – Relay board XDC for external warning lights	PCB to upgrade XDC for connection of external warning lights.
9119000050	Kit–extension cables for remote placement-XDC timer, 12m	Kit of 3 cables and accessories for the timer to be placed outside the room or in distant position from the wall mounted arm with tubehead. 40' / 12 m long cables.

Accessories

Ref. No.	Parts	Description
9119000010	Collimator – Cone extension 10 cm	Insert of additional 10cm Cone extension to achieve 30 cm SSD featuring circular output field of 5.8 cm diameter.
9119000030	Collimator – Rectangular BLD for film size 0	Insert to the cone, for rectangular field limitation to size 0 – Pedo, beam limited to 2.2 x 3.5 cm.
9119000040	Collimator – Rectangular BLD for film size 2	Insert to the cone, for rectangular field limitation to size 2 – Adult, beam limited to 3.1 x 4.1 cm.

XDG

FINEST FOCAL SPOT

XDG is the choice of dentists worldwide, and has already proven its ease of use, precision and reliability. Combination of small focal spot and straightforward exposure settings allows acquisition of high quality images both with digital or film receptors.

ERGONOMIC POSITIONING

Lightweight arm for smooth movement and stable positioning.

AUTOMATIC EXPOSURE SETTING

Comprehensive and easy to use control panel for automatic exposure setting.

EXCELLENT IMAGE QUALITY

Finest focal spot of 0.4 for excellent image quality.

Product/Main unit

Ref. No.	Parts	Description
9758662320	FONA XDG, Wall mounted: round BLD, 230V, arm (S) 30 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 30 cm allowing max. Reach 138 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 230V.
9758662620	FONA XDG, Wall mounted: round BLD, 230V, arm (M) 60 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 60 cm allowing max. Reach 168 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 230V.
9758662820	FONA XDG, Wall mounted: round BLD, 230V, arm (L) 80 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 80 cm allowing max. Reach 188 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 230V.
9758662120	FONA XDG, Wall mounted: round BLD, 230 V, arm (XL) 100 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 100 cm allowing max. Reach 208 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 230V.
9758667820	FONA XDG, mobile system: round BLD, 230V	Mobile Intraoral AC (Alternating Current), 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 230V.
9756662320	FONA XDG, Wall mounted: round BLD, 240V, arm (S) 30 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 30 cm allowing max. Reach 138 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 240V.
9756662620	FONA XDG, Wall mounted: round BLD, 240V, arm (M) 60 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 60 cm allowing max. Reach 168 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 240V.
9756662820	FONA XDG, Wall mounted: round BLD, 240V, arm (L) 80 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 80 cm allowing max. Reach 188 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 240V.
9756662120	FONA XDG, Wall mounted: round BLD, 240 V, arm (XL)100 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 100 cm allowing max. Reach 208 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 240V.
9756667820	FONA XDG, mobile system: round BLD, 240V	Mobile Intraoral AC (Alternating Current), 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 240V.
9754662320	FONA XDG, Wall mounted: round BLD, 120V, arm (S) 30 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 30 cm allowing max. Reach 138 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 120V.
9754662620	FONA XDG, Wall Mounted: round BLD, 120V, arm (M) 60 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 60 cm allowing max. Reach 168 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 120V.
9754662820	FONA XDG, Wall Mounted: round BLD, 120V, arm (L) 80 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 80 cm allowing max. Reach 188 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 120V.
9754662120	FONA XDG, Wall Mounted: round BLD, 120 V, arm (XL) 100 cm	Wall-mounted Intraoral AC (Alternating Current) X-Ray with the horizontal arm length 100 cm allowing max. Reach 208 cm distance wall – patient, 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 120V.
9754667830	FONA XDG, mobile system: round BLD, 120V	Mobile Intraoral AC (Alternating Current), 7 pre-set programs, Adult, Child, R10 scale, 70 kV, parameters in mAs/mA/s, focal spot 0,4, voltage 120V.

* 240 V models are suitable for United Kingdom and countries which adopted this norm.

OrisWin DG Suite

ENJOY THE ULTIMATE FREEDOM

OrisWin DG Suite delivers ultimate freedom to every dental practice: freedom to grow with additional software licenses, freedom to expand specializations with support for panoramic, intraoral as well as CBCT 3D imaging, freedom to integrate with DICOM, also with entire list of Patient management softwares and also supports connection with 3rd party devices via TWAIN support.

ALL MODALITIES, ONLY ONE SOFTWARE

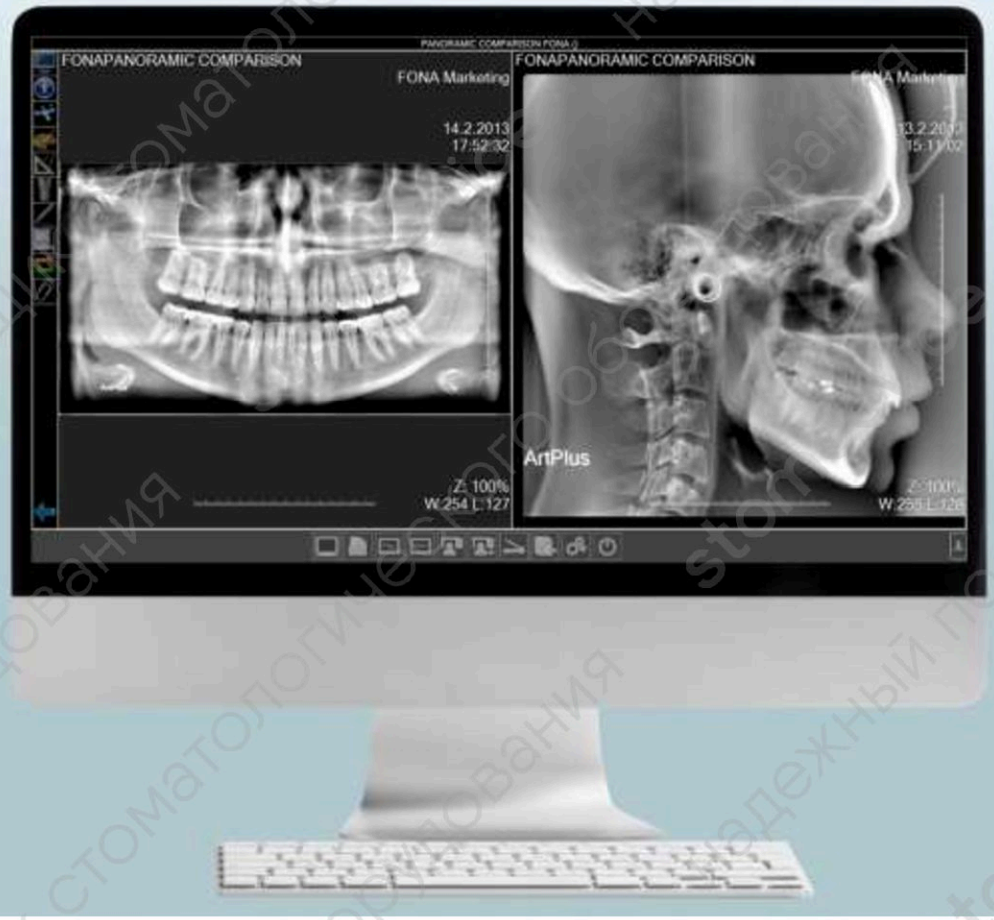

Visualization, post-processing tools and filters reveal diagnostic information quickly and easily.

ADVANCED SOLUTION FOR IMPLANT PLANNING

Plan the implant in 3D volume safely and reliably using the advanced FONA 3D Implant Simulation module.

READY FOR THE FUTURE

Supports both 32 and 64 bits, multiple languages, Windows versions from XP till Windows 10.

https://stomdevice.ru - стоматологическое и зуботехническое оборудование с доставкой по России и СНГ

Imaging software packages

Ref. No.	Parts	Description
9380096206	SW–FONA OrisWin DG, DVD+online key Standard + 3D license	Standard license supporting up to 10 computers in network, delivered on DVD + online license key with Standard license + 3D acquisition, Quick User Guide, Multi-language support.
9380096006	Software–FONA OrisWin DG, DVD+online key, Stand. License	Standard license of OrisWin DG Suite imaging software supporting up to 10 computers in network, delivered on DVD + online license key, Quick User Guide, Multi-language support.
9380096106	SW–FONA OrisWin DG, DVD+HW dongle,Standard + DICOM	Software DVD + HW dongle key/online license key (Standard license with DICOM upgrade) (supports up to 10 computers in network, including advanced DICOM functions – WorkList, Store, Print), Quick User Guide, Multi-language support.

Imaging software upgrades

Ref. No.	Parts	Description
9380096302	Upgrade–DICOM upgrade for FONA Imaging software	Enables DICOM functions: Print, Store and Worklist. Upgrade is related to the dongle HW key / on-line activated license and can be managed remotely. Suitable for communication with DICOM PACS systems, DICOM PRINT and hospital DICOM WORKLIST. Upgrade applicable both for OrisWin and Stellaris Pro software.
9380096700	Upgrade–Advanced Report upgrade for FONA Imaging software	Enables export of images and creation of the user report. Consists of Advanced report software module and upgrade of the dongle HW key or online-activated software (can be managed remotely). Upgrade applicable both for OrisWin and Stellaris Pro software.

3D Implant simulation

ADVANCED 3D IMPLANT PLANNING

Dedicated 3D implant planning tool allows to plan one ore more implants seamlessly, with more than 80 implant brands and their models in the library. Convenient way to the safe, precise and reliable implant planning in 3D also with collision checks between implants or other structures like nerve canals. As upgrade, it can seamlessly integrate into the workflow and allows start planning by single click.

SAFETY AND CLARITY

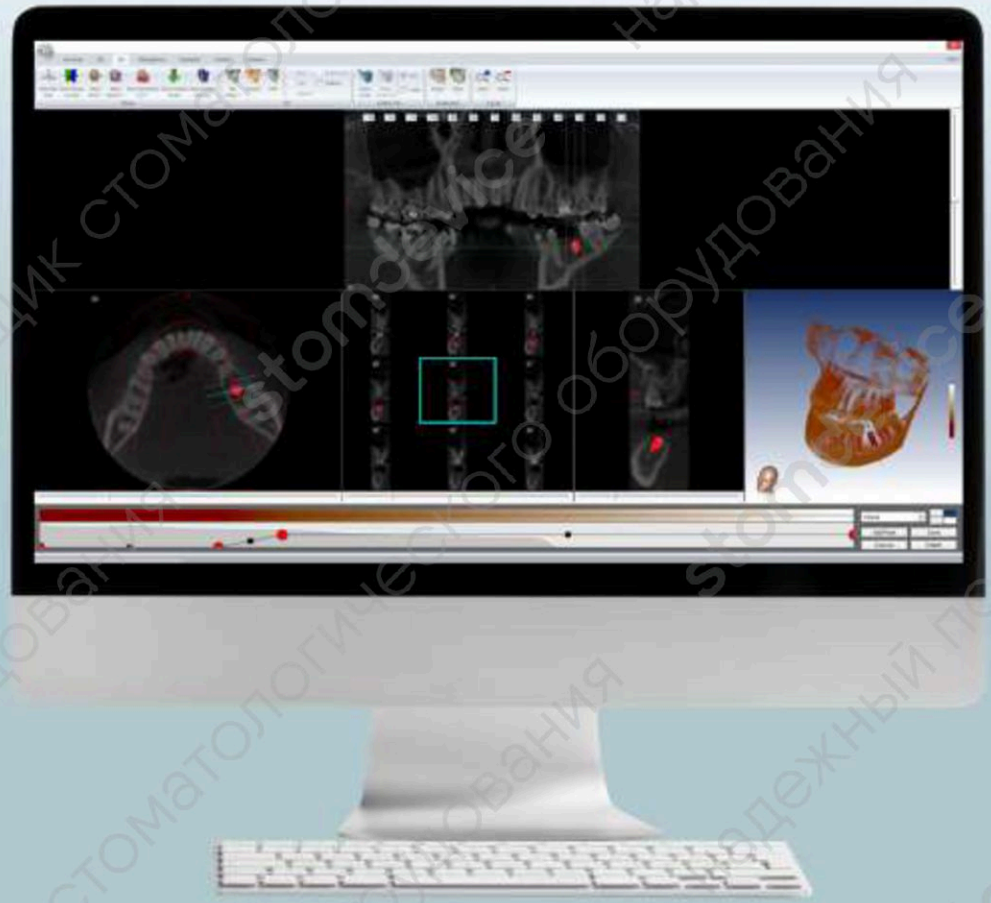

Collision checks reveal the dangerous proximity with other implants or to the nerve canal.

ADVANCED SOLUTION FOR IMPLANT PLANNING

More than 80 brands with their models simulates at closest the future situation during surgery.

WIDE VISUALIZATION

Selection of 10 possible styles of 3D rendering exactly for desired application.

Tern Advance LUX turbines

RELIABLE, POWERFUL, QUIET

Tern Advance LUX turbines are taking reliability to the next level. Integrated patented AeroDynamic brake system ensures protection of the rotor at the highest speeds hence prolonging its lifetime. Especially designed spray nozzles and high quality ceramic ball bearings in the rotor reduce the noise. This makes Tern more pleasant to work with. Lighting allows perfect visibility even in the posterior regions. As a real Tern, FONA turbines have an excellent power-to-size ratio.

HIGHEST QUALITY

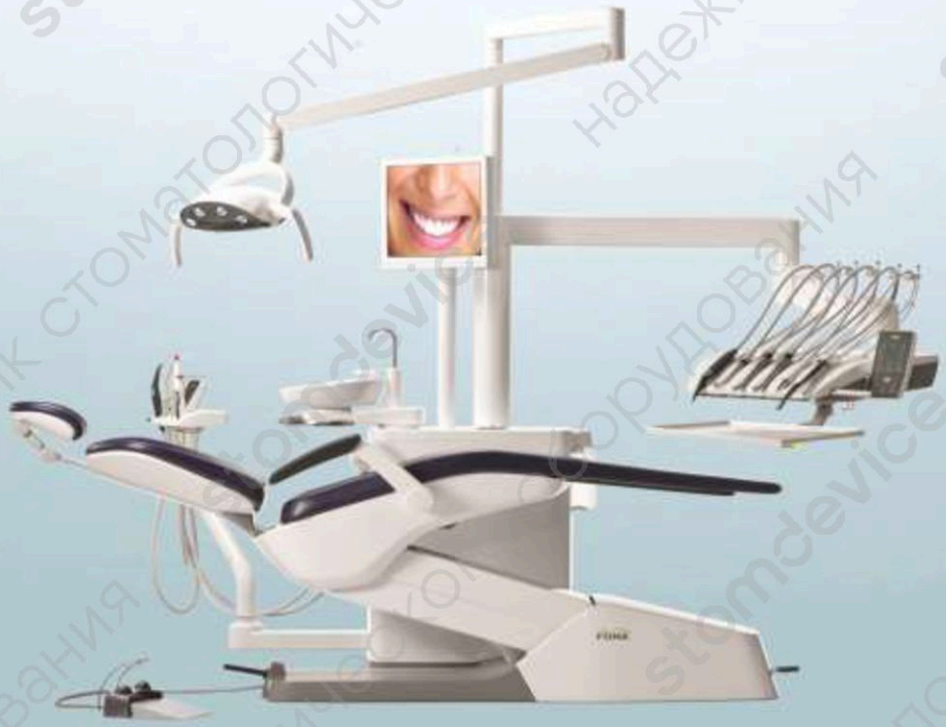

Resistant material and sure grip finishing. Precise rotor technology with high quality ceramic bearings. Manufactured with German precision.

MORE POWER

Tern turbines deliver excellent power-to-size ratio. AeroDynamic brake and specially designed cooling spray nozzles optimize power/noise/speed balance.

QUIETER THAN EVER

Special design of the cooling system and new rotor are combined with high quality bearings for quiet operation.

FONA Tern quick coupling Turbine

Ref. No.	Parts	Description
6566686	Turbine Tern Advance LUX SR	Turbine with light, ceramic bearings, build in AeroDynamic brake, low noise triple spray, sure grip zone and sure grip finishing, quick connection for Sirona R/F, FONA 8090L or 8090S coupling.
6566710	Turbine Tern Advance LUX KR	Turbine with light, ceramic bearings, build in AeroDynamic brake, low noise triple spray, sure grip zone and sure grip finishing, quick connection for KaVo Multiflex LUX coupling.
6566751	Turbine Tern Advance LUX NR	Turbine with light, ceramic bearings, build in AeroDynamic brake, low noise triple spray, sure grip zone and sure grip finishing, quick connection for NSK Machlite/Phatelus coupling.
6566736	Turbine Tern Advance LUX WR	Turbine with light, ceramic bearings, build in AeroDynamic brake, low noise triple spray, sure grip zone and sure grip finishing, quick connection for W&H Rotoquick coupling.
6566777	Turbine Tern Advance LUX SM	Minihead turbine with light, ceramic bearings, build in AeroDynamic brake, low noise triple spray, sure grip zone and sure grip finishing, quick connection for Sirona R/F, FONA 8090L or 8090S coupling.
6566868	Turbine Tern Advance LUX KM	Minihead turbine with light, ceramic bearings, build in AeroDynamic brake, low noise triple spray, sure grip zone and sure grip finishing, quick connection for KaVo Multiflex LUX coupling.
6566918	Turbine Tern Advance LUX NM	Minihead turbine with light, ceramic bearings, build in AeroDynamic brake, low noise triple spray, sure grip zone and sure grip finishing, quick connection for NSK Machlite/Phatelus coupling.
6566884	Turbine Tern Advance LUX WM	Minihead turbine with light, ceramic bearings, build in AeroDynamic brake, low noise triple spray, sure grip zone and sure grip finishing, quick connection for W&H Rotoquick coupling.

FONA Quick couplings

Ref. No.	Parts	Description
6377670	QuickCoupling FONA 8090L	Quick coupling for turbine with halogen light (Sirona R/F) for FONA 8080L SR/SM and Turbine Tern Advance LUX SR/SM turbines for Midwest 6 hole hose with return air.
6390160	QuickCoupling FONA 8090S	Quick coupling for turbine with halogen light (Sirona R/F) for FONA 8080L SR/SM and Turbine Tern Advance LUX SR/SM turbines for Midwest 6 hole hose without return air.
6587591	Quick Coupling FONA 8090L (LED)	Quick coupling for turbine with LED light (Sirona R/F) for FONA 8080L SR/SM and Turbine Tern Advance LUX SR/SM turbines for Midwest 6 hole hose.

Accessories

Ref. No.	Parts	Description
5940291	Halogen bulb (brown)	Halogen bulb BROWN for (Sirona SL motor hose, FONA 8090L/S Quick Couplings, FONA Turbine Tern Advance LUX and FONA 8080L turbines with build in bulbs).
6314558	LED bulb (green)	LED bulb GREEN for (Sirona SL motor hose, FONA 8090L/S Quick Couplings, FONA Turbine Tern Advance LUX and FONA 8080L turbines with build in bulbs) NOTE: Make sure that your device is LED ready before replacing halogen for LED bulb.
6418300	Suitcase for instruments kit	Plastic suitcase with insert (case,inlet,small box of accessories, cardboard cover). Designed for carying Jet Essence air motor, Eagle essence contra-angle handpiece, Stork essence straight handpiece and Tern turbine + accessories box. Black color.

Consumables

Ref. No.	Parts	Description
7619611000	FONAOil-lubricating and cleaning oil, 1 can	FONAOil - oil for automatic or manual cleaning and lubricating procedure of turbines, air motors, straight and contra angle handpieces. Foaming cleaning effect. 500ml, price per can, min. orderable quantity - 6 cans (1 box).

https://stomdevice.ru - стоматологическое и зуботехническое оборудование с доставкой по России и СНГ

Tern Advance turbines

ULTIMATE POWER FOR SAFE AND FAST TREATMENT

Tern Advance turbines are available with quick coupling or with fixed connection Midwest or Borden. Integrated patented AeroDynamic brake system ensures protection of the rotor at the highest speeds hence prolonging its lifetime. Especially designed spray nozzles and high quality ceramic ball bearings in the rotor reduce the noise. This makes Tern more pleasant to work with. As a real Tern, FONA turbines have an excellent power-to-size ratio.

CONECTIVITY AND POWER

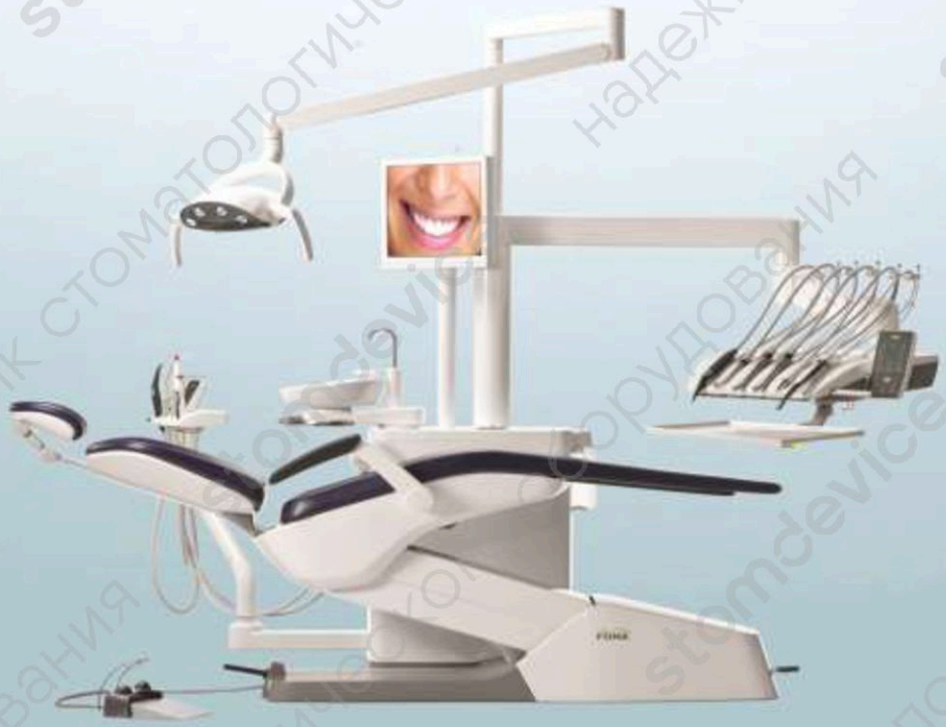

Extremely powerful turbines but flexible in connectivity. Fixed Midwest or Borden or quick coupling versions.

BUILD TO LAST LONG

Selection of highly durable material and excellent German precision of manufacturing ensures the long life of your turbine.

ERGONOMIC USE

Fast change of turbine thanks to quick coupling connection, easy bur exchange by push button. Quieter spray and vibration free-rotor movement for less noise. Two head sizes to choose between more power or agility.

FONA Tern quick coupling Turbine

Ref. No.	Parts	Description
6566934	Turbine Tern Advance SR	Turbine with build in AeroDynamic brake, ceramic bearings, low noise triple spray, sure grip zone and sure grip finishing, quick connection for Sirona B, FONA 8090 coupling.
6566959	Turbine Tern Advance KR	Turbine with build in AeroDynamic brake, ceramic bearings, low noise triple spray, sure grip zone and sure grip finishing, quick connection for KaVo coupling.
6567015	Turbine Tern Advance NR	Turbine with build in AeroDynamic brake, ceramic bearings, low noise triple spray, sure grip zone and sure grip finishing, quick connection for NSK QD-J coupling.
6566975	Turbine Tern Advance WR	Turbine with build in AeroDynamic brake, ceramic bearings, low noise triple spray, sure grip zone and sure grip finishing, quick connection for W&H Rotoquick coupling.
6567056	Turbine Tern Advance SM	Minihead turbine with build in AeroDynamic brake, ceramic bearings, low noise triple spray, sure grip zone and sure grip finishing, quick connection for Sirona B, FONA 8090 coupling.
6567080	Turbine Tern Advance KM	Minihead turbine with build in AeroDynamic brake, ceramic bearings, low noise triple spray, sure grip zone and sure grip finishing, quick connection for KaVo coupling.
6567130	Turbine Tern Advance NM	Minihead turbine with build in AeroDynamic brake, ceramic bearings, low noise triple spray, sure grip zone and sure grip finishing, quick connection for NSK QD-J coupling.
6567114	Turbine Tern Advance WM	Minihead turbine with build in AeroDynamic brake, ceramic bearings, low noise triple spray, sure grip zone and sure grip finishing, quick connection for W&H Rotoquick coupling.

FONA Quick couplings

Ref. No.	Parts	Description
6342930	QuickCoupling FONA 8090	Quick coupling for turbine without light (Sirona B) for FONA 8060S SR/SM and Turbine Tern Advance SR/SM turbines.

FONA Tern fixed connection Turbine

Ref. No.	Parts	Description
6567155	Turbine Tern Advance MR	High power turbine with build in AeroDynamic brake, ceramic bearings, low noise single spray, sure grip zone and sure grip finishing, connection ISO Midwest 4-hole.
6567171	Turbine Tern Advance BR	High power turbine with build in AeroDynamic brake, ceramic bearings, low noise single spray, sure grip zone and sure grip finishing, connection Borden 2/3-hole.

Accessories

Ref. No.	Parts	Description
6418300	Suitcase for instruments kit	Plastic suitcase with insert (case,inlet,small box of accessories, cardboard cover). Designed for carying Jet Essence air motor, Eagle essence contra-angle handpiece, Stork essence straight handpiece and Tern turbine + accessories box. Black color.

Consumables

Ref. No.	Parts	Description
7619611000	FONAOil-lubricating and cleaning oil, 1 can	FONAOil - oil for automatic or manual cleaning and lubricating procedure of turbines, air motors, straight and contra angle handpieces. Foaming cleaning effect. 500ml, price per can, min. orderable quantity - 6 cans (1 box).

8080L

TOP CLASS WITH TOP POWER

8080 high-speed handpieces provide maximum power without compromising in comfort and precision. They combine top technical quality Made in Germany with an attractive price.

CLEAR VIEW

Optimal visibility is ensured by powerful light with 25.000 Lux illumination.

HIGH POWER UP TO 20W

Ceramic bearings and efficient rotor deliver top performance without compromise in precision.

TOP QUALITY

8080 turbines Made in Germany are built for lasting performance and high treatment comfort.

Contra angle handpieces

Eagle contra-angle handpieces..... 148

https://stomdevice.ru - стоматологическое и зуботехническое оборудование с доставкой по России и СНГ

Eagle contra-angle handpieces

DURABLE, LIGHTWEIGHT, FAST

Eagle contra-angle handpieces are perfectly balanced and anatomically shaped for easy and natural grip. Smooth design together with built-in antiretraction technology is easier to clean and gives extra protection against cross contamination. Biocompatible durable material used in these instruments prevents allergic reactions of your patients. Small head in combination with light allows to see clearly the working area. Three transmission versions (6:1, 1:1, 1:5) allow you to work with the speed up to 200,000 rpm.

SMALL HEAD, SAFE CHUCK

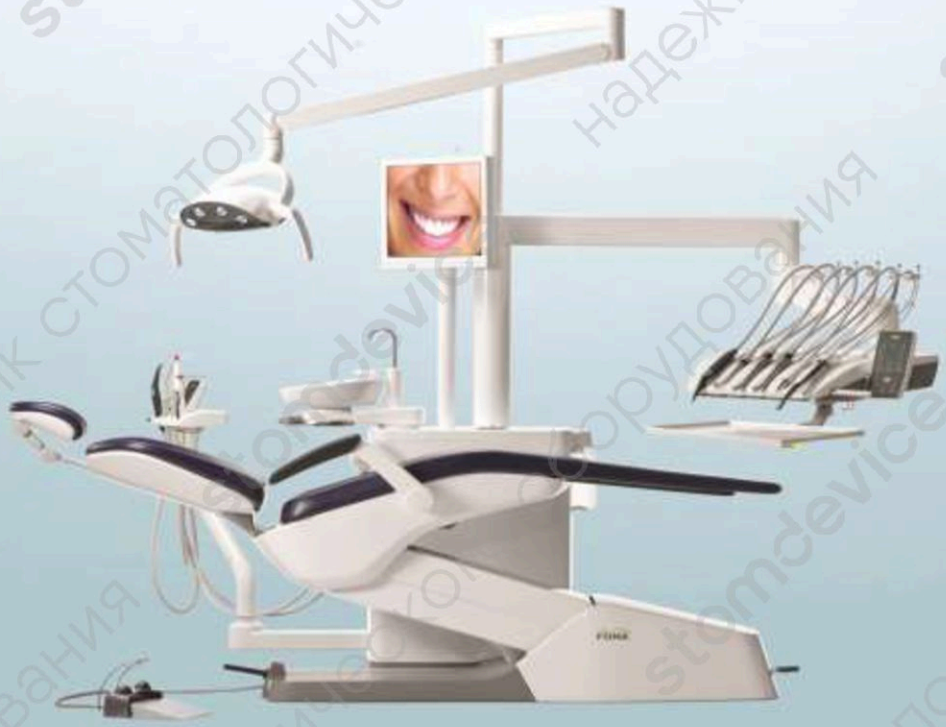

Easy to see the treatment area thanks to a small head diameter. Bur is safely nested in the strong chuck mechanism.

LIGHTWEIGHTED AND RELIABLE

Work easier with less stress to your muscles thanks to low weight. Durable material ensures long life and longer lasting surface quality.

WORK FAST

FONA Eagle can spin your bur at up to 200,000 rpm and thanks to the ISO quick INTRAmatic connection, push button and effective cooling allows fast uninterrupted work.

Stork straight handpieces

PERFECTLY ILLUMINATING, LASTING, VERSATILE

Master your prosthetic work with Stork straight handpieces. Stork Advance LUX is equipped with lighting for perfect illumination of your grinding and finishing spot. Thanks to its sure grip finishing and ergonomic design the work is both safe, precise and enjoyable.

PERFECT ILLUMINATION

As one of few straight handpieces equipped with the lighting it illuminates perfectly the working spot.

EXTREME DURABILITY

Single material body construction is extremely resistant to damage and ensures longer life of your instrument.

VERSATILE USE

Ready for standard tool lengths but also for short versions thanks to included bur reduction. Fits to air or electric motors with the short or long shaft. Internal cooling allows to alternate wet and dry work.

Aquamarine

A NEW LEVEL OF CUTTING EFFICIENCY

Introducing Aquamarine – the diode laser which allows you to work with more precision and efficiency. Treatment is faster, safer and more comfortable for the patient. With the wide range of procedures you can perform, Aquamarine quickly becomes a valued asset to your clinic.

CUTTING FASTER WITH MINIMUM POWER

Thanks to its 445nm wavelength, with higher absorption in hemoglobin, cutting is faster and requires much less power. Result is treatment with minimized thermal damage and increased efficiency.

WIDE RANGE OF TREATMENTS

Aquamarine can be used for wide range of treatments in soft tissue surgery, periodontology, endodontics and hemostasis. In addition, it can be used for single tooth whitening* and as treatment option for a variety of indications.

ENHANCED PATIENT COMFORT

The diode laser operates at a wavelength absorbed by the soft tissue more efficiently, resulting in more precise cutting and faster healing thus increasing patient comfort. The focused beam treats the affected area efficiently and in less time.

FONALaser

A NEW STANDARD IN DENTISTRY

FONALaser delivers better treatment results and is less stressful and painful for your patients. Ideal for soft tissue surgery, germ reduction procedures, pain treatment and whitening, FONALaser is the compact and easy-to-use solution that brings all the benefits of modern laser dentistry to your studio.

VERSATILE USE

Wide range of applications in soft tissue surgery, germ reduction, pain treatment and whitening.

INTUITIVE OPERATION

Touchscreen control, self-explanatory menu icons and pre-set programs make treatment settings easy and precise.

EXCELLENT TREATMENT RESULTS

Benefit from high precision, bloodless and painless treatments and accelerated healing.

Hygenius

THE HIGH CLASS, SAFE, RELIABLE – SIMPLY GENIUS

Hygenius B class sterilizer brings you reliable sterilization results with the highest safety. Protect yourself, your staff and your patients with this must have device even with the Prion program. Build upon smart technology, the Hygenius is available as 17 or 22 litters. The perfect solution for both small and larger clinics.

SAFE AND FAST

Designed to meet the highest clinical safety standards. Fast steam and heat generation with active cooling for a safe and shorter cycle.

RELIABLE LATEST TECHNOLOGY

Calc–resistant, quick steam generator and durable chamber heater for reliable performance.

USER FRIENDLY

Simply click to start sterilization, intuitive menu in 21 languages.

Qmate

MAINTENANCE AND LUBRICATION IN ONE MINUTE

Qmate is small device securing properly maintained and lubricated handpieces when you need them. Completing automatic process in one minute per instrument, it ensures maximum efficiency with little effort. Thoroughly removing debris and lubricating all moving parts, it ensures your rotary instruments will work properly and last longer.

MAINTENANCE AND LUBRICATION IN ONE MINUTE

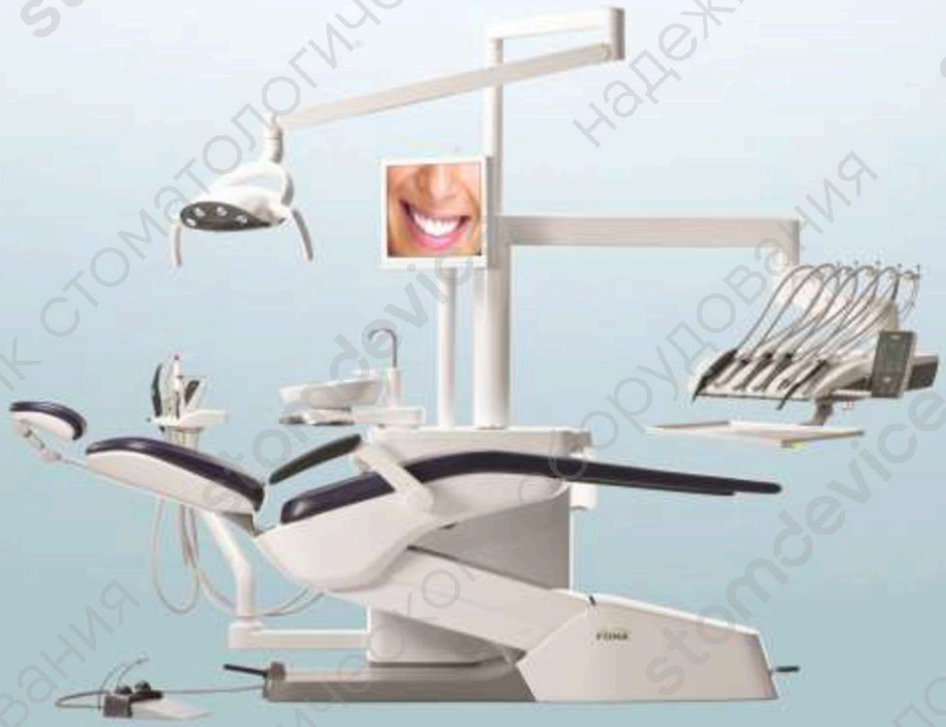

Qmate dissolves and flushes the debris residuals from the instruments and ensures proper lubrication. Additionally all the excessive oil is purged. All within 1 minute only.

SUITABLE FOR A VARIETY OF HANDPIECES

Different couplers are available for various instrument connections. Additionally the dedicated chuck maintenance port allows to clean the chuck and ensure the sensitive bur-holding mechanism is well maintained.

FULLY AUTOMATIC PROCESS

Fully automatic maintenance of 3 instruments at the time allows saving labour and oil costs. Then the instruments is ready for sterilization.

DAC Universal

THE ULTIMATE HYGIENE SOLUTION

DAC Universal is a combination autoclave that cleans, lubricates, sterilizes and dries handpieces, contra angles, turbines and solid instruments both wrapped and unwrapped. Fully automatic process with better, faster and safer results brings greater productivity for your dental clinic and more safety to your staff and patients.

FAST AND SAFE

Quickest and easiest way to make instruments ready for use in only 16 minutes.

ALL-IN-ONE PROCESS

DAC UNIVERSAL cleans, lubricates and sterilizes six rotary instruments at the touch of a button.

AUTOMATIC CLEANING, LUBRICATION & STERILIZING

Fully automated process eliminates potential handling errors and ensures perfectly clean results.

Purgenius

SAFE, PURIFIED WATER AND AEROSOLS FOR YOUR TREATMENT

Purgenius is the solution for your safer treatments, decontaminating the treatment water and aerosols spread into the air of dental staff and patient. It is a unique product, designed for external water filtration, softening and its disinfection. The disinfection process is free of added chemicals and does not produce waste water.

UNIVERSAL DESINFECTION CONCEPT

Purgenius can be connected to any treatment unit. As an external device, it is completely independent from the treatment center, water unit size and suction system used.

CHEMICAL FREE HARMLESS SOLUTION

The unique use of free chlorine, produced by Purgenius from tap water as disinfectant, is both economical, ecological and safe for the patient and user.

SOUND INVESTMENT FOR YOUR HEALTH

Reducing microorganisms protects the health of both patients and dental staff, while at the same time removing calcium and other unwanted minerals, protecting your instruments and treatment unit from issues caused by sediments.
