ATRAUMATIC EXTRACTION-SET

The new Microtools Instruments are the modern, universal and complete set of extraction instruments.

Microtools from 13-1MT to 14MT guarantees you a gentle and atraumatic luxation of the tooth.

As a first step for a soft luxation without injuring surrounding structures use the arrow parts from 13-8MT to 13-11MT.

Microtool straight 2,5 mm ... for front teeth and upper jaw **Ref. 13-1MT**
