Introducing the Hu-Friedy

BLACK LINE SCISSORS COLLECTION

Designed for performance, the Hu-Friedy Black Line is engineered to optimize clinical outcomes by delivering efficiency throughout the entire perio and surgical procedure. From reducing light reflection to enhancing visibility at the surgical site, the Black Line was designed with the clinician in mind. In addition to the surgical hand instrument portfolio, the Black Line now includes 7 Super-Cut scissor designs delivering superior performance through enhanced precision and innovation.

Features and Benefits of Black Line Scissors:

- Super-Cut design featuring a **razor sharp blade and serrated edge for reduced tissue slippage**
- Performance engineered coating for **optimal edge retention**
- Distinct black finish for **enriched contrast and visual acuity at the surgical site and underlying tissue**
- **Reduced light reflection** afforded by a matte black finish
- Gold screw for easy identification of **Super-Cut design**

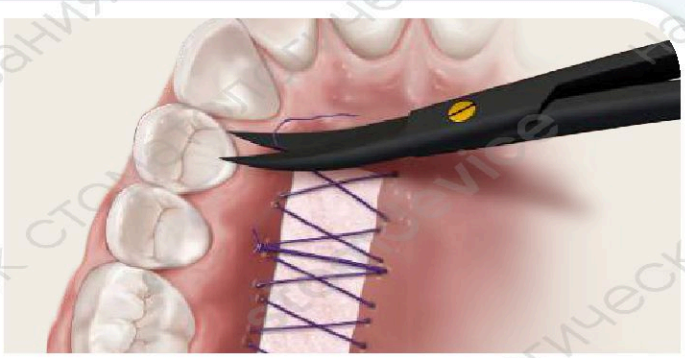

Black Line Iris Curved Scissors cutting PGA violet suture material after closing a simple loop suture.

BLACK LINE INSTRUMENT COLLECTION

Features and Benefits of the Black Line:

- Performance engineered coating for a harder, smoother surface for **optimal edge retention and enhanced lubricity**
- Distinct black finish for **enriched contrast and visual acuity at the surgical site and underlying tissue**
- **Reduced light reflection** afforded by a matte finished handle and black working ends
- Unique, smooth, large diameter lightweight handle for **maximum comfort, reduced hand fatigue and increased control**
- Handcrafted with Immunity Steel® for **optimal strength and corrosion resistance**

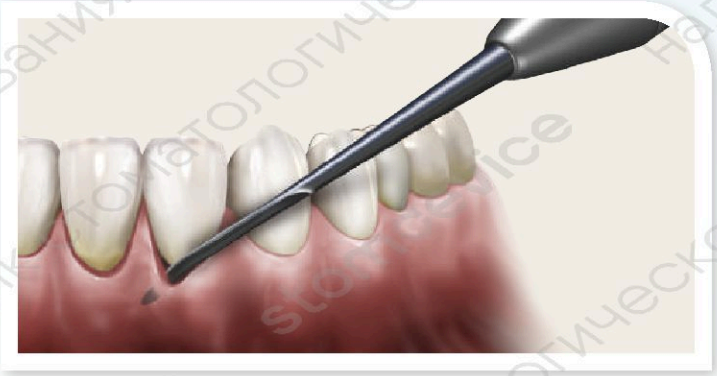

"I am so pleased with **the new Black Line, it represents a coming together of smart instrument usage and the newest technology for a "home run" in surgical armamentarium.** The enhanced lubricity, prolonged edge retention, black finish for contrast at the surgical site, and more ergonomic handle make **this a "must have" for those doing exodontia.**"

– DR. KARL KOERNER
