A New Angle That's Distinctively KaVo

POWER & PRECISION

45° HEAD

SAFETY & HYGIENE

PRECISE POWER

Reliable performance and durability

- 19 W @ 2.8bar
- Water Jet (not Mist) for perfect bur cooling
- Ceramic bearings – for long lifetime and lower sound level
- Precise work with a balanced instrument, carbide lined chuck for more concentric cutting and more precise preps
- MADE IN GERMANY
- 12 Month warranty
- 5 surface coating layers – prepared for over 1000 sterilization cycles

UNIQUELY ANGLED HEAD

Ergonomics Handling and ease of use

- 45° Head design for perfect access to the molars compatible for MULTIflex / 4-hole standard
- Light version for perfect visibility
- Low weight, ergonomic balanced for longer treatments

- Exhaust Air diverted from cutting area – No air contamination into cutting area
- Smooth surfaces free of recess - easy to clean and hygienic design
- 5 surface coating layers – prepared for over 1000 sterilization cycles
- Up to 30N chuck holding force – strong and safe chuck system, perfect for a longer bur
