Sonic electric toothbrush

HX6511/02

Highlights

Sonic technology

Philips Sonicare electric toothbrush's unique dynamic action gently and effectively reaches deep between teeth and along the gum line.

Smartimer

2-minute timer on this Philips Sonicare electric toothbrush helps ensure dental professional recommended brushing time

Helps whiten teeth

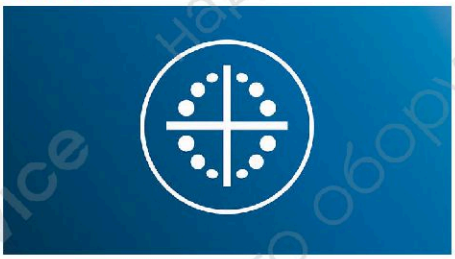

This Philips Sonicare electric toothbrush helps to remove and reduce stains on your teeth for a brighter smile.

Angled brush head neck

The uniquely angled neck of this toothbrush head makes it easier to reach back teeth, removing plaque in those hard-to-reach areas.

Quadpacer

30 seconds interval timer indicates when you have completed each quadrant of your mouth and signals for you to move on, resulting in more consistent cleaning throughout your mouth

Removes up to 2x more plaque

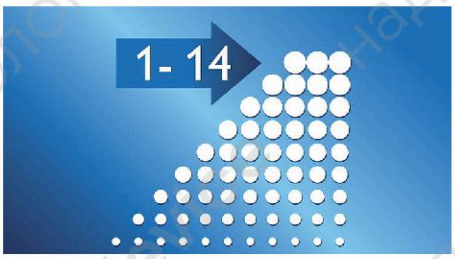

Patented Sonic Technology removes up to 2x more plaque than a manual toothbrush.

Safe and gentle

Philips Sonicare is a gentle electric toothbrush for braces (brush heads wear out sooner when used on braces), and is safe for dental restorations (fillings, crowns, veneers) and periodontal pockets, too.

Easy-start programme

Gently increases power over first 14 uses to ease you into the Philips Sonicare electric toothbrush experience
