TECHNOLOGY IS OUR NAME

From new innovative ideas and products to world class service and support, Planmeca stands behind you every step of the way. It's never been easier to integrate any of our technologically advanced CAD/CAM solutions with your existing technology using the Planmeca Romexis™ software – just plug and play. And yes, it's that simple.

WORRY-FREE

Planmeca offers comprehensive education, support and an unprecedented 5 year manufacturer's warranty on Planmeca Emerald.

A CUSTOMER FOR LIFE

Planmeca is proud to offer unparalleled technical support that is located in Dallas, TX. Training and support includes: in-office integration and training, access to proprietary coaching support, exclusive remote support, advanced courses through Planmeca Digital Academy and an online forum with LearnDigitalDentistry.com. At Planmeca, we understand how to ensure your success and we deliver.

YOU DEFINE YOUR PRACTICE. NOT THE TECHNOLOGY.

Scan using the brilliant new ultra light Planmeca Emerald

Design a crown in just a few clicks with our Planmeca PlanCAD® design suite or send files digitally to your laboratory specialist or any one of our nationwide Planmeca Preferred Laboratories

Mill a finished crown with the PlanMill®40 S in-office.

We are committed to redefining the way **YOU** do dentistry.

Planmeca has removed the complex learning curves and technological barriers allowing you to focus on your work while we focus on the workflow. The Planmeca Emerald provides you with options that fit your practice.

With the ability to offer same day restorations comes convenience and comfort for your patients as well as greater patient loyalty. Performing restorative solutions can be done either in-office and deliver same-day service or by a traditional approach by leveraging your or our network of nationwide laboratories.

THE FUTURE IS NOW

As leaders in the field of CAD/CAM dentistry,
we take great pride in developing technology that will shape the future.
Our commitment is to you, the clinicians, team members, and dental
technicians. You demand the tools to perform more efficiently,
more accurately and more profitably and we deliver.

We are proud to introduce the
Planmeca Emerald digital intraoral scanner,
one of the lightest, fastest, most accurate,
full-spectrum color scanners on the market today.

WELCOME TO THE FUTURE

stomdevice

Introducing Planmeca Emerald Intraoral Scanner

An ultra light, ergonomically designed, small scale, full-spectrum color scanner that delivers faster scan speeds with greater accuracy and detail. At a fraction of the long-term cost next to most other scanners, the Planmeca Emerald clearly stands out as the new crown jewel of intraoral scanners.

SIMPLY A JEWEL

Featuring camera lock, smart, autoclavable tips with heated mirrors and convenient two-button operation for a multitude of capabilities at your fingertips.

MAKES YOU SMILE

Planmeca Emerald is one of the most affordable scanners on the market today. In addition, your investment is completely backed with comprehensive support that includes Support On-Site (S.O.S.) and training through Planmeca's premier CAD/CAM Digital Academy training center

FROM 0 TO 16 IN 44 SECONDS*

Brilliant color like no other – Planmeca Emerald outshines the rest with 3-laser, full-spectrum rapid scanning that captures amazing life-like scans of the oral environment so fast you have to see it to believe it. Planmeca Emerald is incredibly accurate, capable of capturing every detail of the oral environment - hard and soft tissue whether for restorative treatment or vivid capture of still images for diagnostics.

BRILLIANT BY DESIGN

Including laptop PC, mouse and Planmeca Romexis™ 2D file management software, Planmeca Emerald's native open platform provides a complete turn-key solution that integrates with your practice management software or other third party imaging files. In addition, our USB-3 portable plug-and-play connectivity allows you to use Planmeca Emerald in multiple workstations.

*Actual length of time to scan can vary by operator.
