Easy to use, top results

pyon 2 led

Pyon 2: the LED piezo scaler for scaling, periodontology, endodontics and micropreparation. With Pyon 2 you can be sure of achieving optimal results in all applications, as the LED ring in the handpiece allows thorough, precise working. This is helpful both for removing interdental calculus and expanding the root canal entrance.

Large tip range
Best results in endodontics, prophylaxis, periodontology and micropreparation.

5 small LEDs
One enormous difference in the application.

Ergonomic design
The shape of the handpiece and its light weight allow you to work for longer without tiring.

Piezo built-in kit
For installation in your existing dental unit.

Two versions
The Pyon 2 handpiece is available with a 5x LED ring or without light.

Made in AUSTRIA

Reliability
Pyon 2 complies with the requirements of the IEC 60601-1 3rd edition.
